So That's What That Class Is About?

Every month in this column, we publish a list of upcoming classes at the Yokosuka, Ikego and Negishi Community Centers, but what are those classes really about? Below is a list of some of our more popular classes. For more information about when these classes are, and how to sign up, please stop by your MWR Community Center.

Chigiri-E: Fine pictures done completely with Washi paper. Chigiri-E is a Japanese art form in creating a picture from washi paper torn to various sizes and shapes. This class will teach you the techniques on how to create a detailed picture using washi paper and glue.

Ikebana: Ikebana is a 3-dimensional artistic expression composed of flowers. In Japan, it is thought that a good flower arrangement brings balance and harmony to a room. Ikebana Kofu is the Japanese form of flower arrangement. In this class you will create attractive pieces using the flowers purchased at this class. Ikebana Sogetsu is similar to Kofu but on a larger scale using other elements from nature.

Japanese Calligraphy (Sho-Do): Sho-do is an ancient way of writing letters and also creating wall decor. Using a brush and sumi (black ink) you will learn to write Japanese characters with an artistic appeal. Again, elegance and simplicity is what makes Sho-Do such a popular art form.

Japanese Tea Ceremony: The tea ceremony is a traditional Japanese art form. As well as serving tea to entertain the guests, the tea ceremony trains the mind and helps us to understand the essence of human relationships.

Kimekomi Dolls: Kimekomi or "insert into wood groove" is one of Japan's many styles of constructing a traditional doll, dating back to the 18th century. Originally, the body and face of the doll were made of wood. Grooves were then carved for inserting the thin fabric for the dress and other elements. Though wood in not commonly used today, we will show you how to construct a doll using similar material with the same methods.

Kimono Dressing: Kimono is, perhaps, one of Japan's most beautiful treasures. This class will show you the proper methods of wearing a kimono. We will also show and explain the beauty of the fabric and its pattern, other types of Japanese clothing, culture and history of this Japanese treasure.

Kumon: The Kumon method is one of the largest math and language tutoring systems in the world. Kumon was founded by Toru Kumon. Mr Kumon personally taught his son mathematics until he mastered it. It was learned that repeating the same equations and questions in an allotted time limit helped students achieve a perfect score and this became the Kumon method.

Obi Art: Obi is the sash belts used with Japanese kimono. Part of such a beautiful treasure, the patterns and fabric of the Obi alone is an art itself. This class will teach you to make beautiful decorations using the Obi sash belt.

Origami: Origami, which translates to 'folding paper', is an ancient Japanese art of folding paper into various shapes and forms. This class will teach you how to be creative with great detail in this Japanese art form.

Oshi-E: Oshi-E is another traditional Japanese art form. After a design is decided and drawn out, pieces of fabric are cut to sizes and shapes to create particular body parts, clothing, and accessories. Finally, using tools and techniques, these elements are glued and connected to create a wonderful piece of Oshi-E.

Oshibana: Oshibana is a very popular art form that requires patience and artistic mind. Flowers and leaves are pressed and dried for a given time. Once pressed, the elements are used to create attractive art pieces.
