

United States National Support Element Larissa: MWR

Through the Larissa Morale, Welfare, and Recreation, U.S. military members (active duty and reservists), civilian employees and their families, can find opportunities for growth and creativity through various programs. MWR provides you a home away from home, where you can learn to speak the native language, email home, watch new movie releases, curl up with a good book or help your children find their hidden talent through finger painting, crafts, game playing and much more. For those who love the outdoors, sleeping bags, coolers, lanterns, and tents are available for check-out to help you enjoy Greece as you head to the mountains or to one of the many local beaches. Interested in seeing such memorable sites in Greece as the Acropolis, Delphi, Meteora, and Santorini? MWR is there for you. We provide you with information on various trips within Greece and surrounding European countries that are sure to capture your attention. The MWR is located next to the USNSE Headquarters. The MWR Fitness Center enables you to challenge your mind and body through the various cardiovascular and resistance training equipment. Our staff is here to assist everyone, from the novice to the well-trained athlete Monday - Friday 0700 – 1900 and Saturday 0900-1400;
