Fire prevention Week has come!

Fire Prevention Week was established to commemorate the Great Chicago Fire, the tragic 1871 conflagration that killed more than 250 people, left 100,000 homeless, destroyed more than 17,400 structures and burned more than 2,000 acres. Since 1922, Fire Prevention Week has been observed on the Sunday through Saturday period in which October 9 falls.

A variety of events will be scheduled during fire prevention month in October. For more information, contact on 264-2652 or 3096.
