NAVAL SUPPORT ACTIVITY MECHANICSBURG/PHILADELPHIA ENVIRONMENTAL POLICY

Naval Support Activity Mechanicsburg/Philadelphia is a multi-functional facility that supports DoD requirements through the use of three separate installations all under the command of one Commanding Officer. In support of our vital mission, we are committed to compliance with local, State and Federal environmental laws, regulations, and policies. We acknowledge that environmental stewardship is essential to the safe, healthful, and compliant execution of our mission and the preservation and protection of our land, air, and water.

We are committed to preventing pollution at its source whenever possible. To achieve our goals, we have adopted the following guidelines for our environmental management system. We commit to:

- Integrate sound environmental practices into our operational decisions that could impact the environment;
- Continually improve our environmental performance through the use of effective environmental management and planning;
- Ensure implementation of pollution prevention measures and waste minimization programs;
- Develop objectives and targets and implement sustainable practices to reduce environmental impacts;
- Conduct regular environmental management system audits to continually assess our progress toward our environmental goals;
- Educate our personnel on their responsibilities to the environment;
- Foster communication throughout our organization on our environmental commitments and performance;
- Sustain our partnerships with local, State, and Federal regulatory agencies and maintain continuous environmental compliance with existing and new regulations and guidelines.

J. W. SMART
Captain, U.S. Navy
