UPDATED

NAVAL BASE CORONADO, Calif. --- At approximately 10:00 a.m. today, special control measures were activated on Naval Air Station North Island due to unattended items. The items were identified as two unattended bags near the Visitor Center and were cleared by Navy Explosive Ordnance Disposal team.

The Naval Base Coronado Commanding Officer, Capt. Yancy Lindsey stated, "the situation has been resolved and the installation is resuming normal operations."

There were no personnel injured or property damaged.

The incident is being investigated.
