

Naval Base Point Loma Complex Installation Restoration Program

NAVAL BASE POINT LOMA RESTORATION ADVISORY BOARD

Membership Application

Membership applications are considered continuously. See the reverse side of this application for mailing/contact information. Applications will be reviewed by Naval Base Point Loma (NBPL) the California Environmental Protection Agency Department of Toxic Substances Control (DTSC). Following initial RAB formation, new applications will be reviewed by NBPL, DTSC, and approved by the RAB.

Membership Requirements:

Priority for membership will be given to local residents and Base workers who are affected by the environmental investigation and cleanup. Members are expected to:

- Serve a specific term as decided by the RAB and attend all RAB meetings.
- Review and comment on documents and activities associated with the Base Installation Restoration (cleanup) Program. A technical background is not required; technical experts will be available to assist the RAB.
- Be available to local community and interested groups to facilitate exchange of information and concerns between the community and RAB regarding specific NBPL cleanup issues.
