The recorded version of the webinar does not have a “Full Screen” button. However, you may use the scroll bars on the bottom and right to get the best view. Click on the “Play/Pause” button located in the lower left corner of the presentation screen (see blue arrow) to start, pause and restart the presentation at any time. Make sure your speakers are turned on and you can control the volume through the presentation using the volume control bar located in the bottom right of the presentation (see blue arrow). If you’d like to browse the recording outline and view a certain portion of the presentation, click on the white expand arrow along the left side of the recording (see blue circle).

If you have any questions or require technical assistance with viewing a recorded webinar, please email the LMS Helpdesk at [learning@zeiders.com](mailto:learning@zeiders.com).
