We advise home owners to pour a gallon of water into each drain trap of floors, sinks, showers, and tubs prior to our testing. If smoke enters your building it is likely that sewer gases may also be entering your home or business. *The smoke should not enter your building or home unless you have defective plumbing or dried up drain traps. If smoke does enter any building please notify the NCBC Gulfport Public Works Trouble Desk at 228-871-2244. If smoke enters your residence contact the Balfour Betty at 228-863-0424.*
