Emails containing application/attachments cannot exceed a maximum of 10MB. It is the applicant's responsibility to verify that documents submitted are received, legible, and accurate. All documents must be received on/or before the close of business on the closing date of the announcement.			
Who May Apply	<p>U.S. Citizens that are permanent Appropriated Fund U.S. employees serviced by Human Resources Office Naval Station Rota, Spain and those domiciled in the Rota, Spain commuting area who are authorized Department of Defense civilian sponsors and command-sponsored dependents of civilian and military personnel who meet one or more of the following conditions:</p> <p>(a) Applicants with career/conditional status, (b) Military Spouses and Family Members of civilian employees eligible for Schedule A 213.3106(b)(6), (c) Veterans Employment Opportunities Act (VEOA)</p> <p>Referral of qualified candidates will be based on respective hiring authorities for which eligible. NOTE:</p> <p>(1) Family members who have less than 6 months remaining in an area are not entitled to family member preference when a position is filled without time limitation. (2) The NATO SOFA and Agreement on Defense Cooperation (ADC) between Spain and the United States are applicable when determining eligibility. If you have resided in Spain more than ninety (90) days, as an ordinarily resident, you must comply with Spanish immigration laws and regulation and are not eligible for appointment for U.S. appropriated fund vacancies, with NAVSTA Rota and Tenant Activities. ORDINARILY RESIDENT: Applicants determined to be "ordinarily resident" in Spain cannot be appointed to positions designated for U.S. occupancy. (3) TOURIST: Spanish law defines tourists as "Foreigners who have entered Spain with proper documentation, for the purpose of touring, recreation, non-professional sporting, health-care, attend family matters, pilgrimage, or short term studies, and who may stay in Spanish territory without executing any professional or labor activity whatsoever, for a period of three months or for the duration granted in the Visa. (COMNAVACTSPAININST 1900.1F)</p>			
About the Job	Incumbent performs assigned design functions to accomplish maintenance, repairs, alterations and the conversion of assigned ships at FDRMC DET Rota during the execution phase of availability. Incumbent provides authoritative technical and engineering guidance to maintenance teams and private shipyard engineering department personnel in resolution of repair, overhaul or testing problems. This includes development of test programs, evaluations of repairs required in situations of major damage or deterioration, and formal correspondence as required. Incumbent will be assigned and responsible for resolution of complex design projects associated with mechanical systems aboard naval vessels during the advance planning phase. Is responsible for research and development, design, modification, technical adequacy, and response to shipboard mechanical systems. Incumbent will prepare repair and subsequent test requirements for systems and equipment based upon personal inspection or verification of specific conditions. Where the test specifications exist for a system or equipment, the incumbent verifies the test applicability for a particular vessel and updates as required. Works with the Chief Engineer, Technical Director, and other members of Code 200, Division Heads, other codes, other Commands and organizations to resolve technical issues. Ensures all agreements are formalized by message, letter, and phone on record or Liaison Action Record. Reviews drawings, specifications, and product data sheets when a question arises to determine if a deviation or waiver can be allowed. Provides engineering support to mechanical system technicians as they work to troubleshoot mechanical systems.			
OPM Qualification Requirements	<p>https://www.opm.gov/policy-data-oversight/classification-qualifications/general-schedule-qualification-standards/0800/all-professional-engineering-positions-0800/ AND https://www.opm.gov/policy-data-oversight/classification-qualifications/general-schedule-qualification-standards/#url=GS-PROF</p> <p>BASIC REQUIREMENT: Engineering Education Requirements: Degree: professional engineering. To be acceptable, the curriculum must: (1) be in a school of engineering with at least one curriculum accredited by the Accreditation Board for Engineering and Technology (ABET) as a professional engineering curriculum; or (2) include differential and integral calculus and courses (more advanced than first-year physics and chemistry) in five of the following seven areas of engineering science or physics: (a) statics, dynamics; (b) strength of materials (stress-strain relationships); (c) fluid mechanics, hydraulics; (d) thermodynamics; (e) electrical fields and circuits; (f) nature and properties of materials (relating particle and aggregate structure to properties); and (g) any other comparable area of fundamental engineering science or physics, such as optics, heat transfer, soil mechanics, or electronics. OR Combination of education and experience -- college-level education, training, and/or technical experience that furnished (1) a thorough knowledge of the physical and mathematical sciences underlying professional engineering, and (2) a good understanding, both theoretical and practical, of the engineering sciences and techniques and their applications to one of the branches of engineering. The adequacy of such background must be demonstrated by one of the following: Professional registration - Current registration as a professional engineer by any State, the District of Columbia, Guam, or Puerto Rico. Absent other means of qualifying under this standard, those applicants who achieved such registration by means other than written test (e.g., State grandfather or eminence provisions) are eligible only for positions that are within or closely related to the specialty field of their registration. Written Test-- Evidence of having successfully passed the Engineer-in-Training (EIT) examination, or the written test required for professional registration, which is administered by the Boards of Engineering Examiners in the various States, the District of Columbia, Guam, and Puerto Rico. Because of the diversity in kind and quality of BET programs, graduates of other BET programs are required to complete at least 1 year of additional education or highly technical work experience of such nature as to provide reasonable assurance of the possession of the knowledge, skills, and abilities required for professional engineering competence. The adequacy of this background must be demonstrated by passing the EIT examination. Specified academic courses -- Successful completion of at least 60 semester hours of courses in the physical, mathematical, and engineering sciences and in engineering that included the courses specified in the basic requirements. The courses must be fully acceptable toward meeting the</p>			

	<p>requirements of a professional engineering curriculum as described in paragraph A. Related curriculum -- Successful completion of a curriculum leading to a bachelor's degree in engineering technology or in an appropriate professional field, e.g., physics, chemistry, architecture, computer science, mathematics, hydrology, or geology, may be accepted in lieu of a degree in engineering, provided the applicant has had at least 1 year of professional engineering experience acquired under professional engineering supervision and guidance. Ordinarily there should be either an established plan of intensive training to develop professional engineering competence, or several years of prior professional engineering-type experience, e.g., in interdisciplinary positions. (You must attach a copy of your transcripts in your application package.)</p> <p><u>In addition to: SPECIALIZED EXPERIENCE:</u> One (1) year of specialized experience at or equivalent to the GS-11 grade level or pay band in the Federal service or equivalent experience in the private or public sector. Specialized experience is defined as experience that is in or related to the work of the position to be filled and has equipped you with the particular knowledge, skills, and abilities, to successfully perform the duties of the position.</p>
<p>Pertinent Information</p>	<ol style="list-style-type: none"> 1. Selectee is required to participate in the Department of Defense direct deposit of pay program. 2. Must be able to successfully obtain and maintain a Secret Security clearance and will be required to successfully complete a background investigation. 3. This position is Emergency Essential. 4. Selectee may be required to successfully complete a probationary period. 5. This position requires successful completion of a pre-employment medical examination. 6. This position requires incumbent to perform temporary duty travel approximately 20%. Travel may be on short notice and/or for extended periods of time. 7. Incumbent may be required to be on call 24 hours a day.
<p>Application Status</p>	<p>For inquiries regarding job application status, please call HRO, 956 821 643 or DSN 727-1643, Monday through Friday, 0800-1600, at least 7 business days after the closing date of the announcement. Applicants who provided an email address listed will be notified of status electronically.</p>
