FUEL ALLOTMENT

Monthly fuel rations for DoD and NATO personnel depend on the primary registered vehicle's engine size, engine base horsepower and fuel requirement. Your monthly tax-free fuel authorization ranges from 100 liters to 400 liters max for automobiles while rations for motorcycles may not exceed 200 liters. Consumption beyond the authorized ration or for an unauthorized fuel type will result in an automatic charge to the fuel card for the full product rate, with all taxes included.
