Pet Importation & Requirements for Japan

Owners are responsible for the shipment of pets arriving, departing, and within Japan. This includes all matters associated with travel arrangements, shipping requirements, and costs for their pets.

Japanese Animal Quarantine Service Regulations require that all animals entering Japan be examined to determine if they are free from communicable diseases. Animals found to be free from communicable diseases meeting entrance requirements may be released to the owner’s custody, subject to the restrictions discussed below.

Ministry of Agriculture, Forestry and Fisheries (MAFF) quarantine inspectors and US Army Veterinary Command veterinarians will determine the length of each pet’s quarantine period when the pet arrives in Japan. The quarantine periods will range up to 180 days. All quarantine guidelines, necessary import forms, and contact information
may be found on the Japan District Veterinary Command website:

USFJ has been able to champion “Home Quarantine” as a concession for US SOFA personnel. This quarantine allows service members to maintain their pets in their own custody within their assigned on-base quarters during the assessed quarantine period. Personnel who are most affected are SOFA members who are required to live in off-base housing. If a quarantine period is assessed, military members who live off-base will be required to pay for quarantine boarding expenses for their pets in on-base kenneling facilities or incur the significant expense of quarantining their pet at the Airport Animal Quarantine Station facility.

Service members who may be required to kennel their pets for up to 180 days will incur a tremendous cost. The JFTR and the JTR provide limited reimbursement for quarantine costs for service members ($550) and DoD civilians ($500 to $1,000), respectively. Unfortunately, the majority of military pet owners serving throughout the world are in pay grades E-4 and below and may be challenged to afford those types of expenses.

Additional Information:

1. Japanese Animal Quarantine Service regulations require that all animals entering Japan be examined to be free from communicable diseases. Owners must report to the Veterinary Treatment Facility within 72 hours of arrival and bring documentations to register without bringing the pet. Animals that are found to be disease free will be released to the owner’s custody, subject to the following restrictions:
   a. Three (3) copies of the rabies vaccination certificate (DD208, the original and two copies) must accompany the animal during transit. The rabies vaccination must have been administered more than 30 days but less than 365 days prior to the animal’s entry into Japan.

2. An animal that is less than 90 days old does not require a rabies vaccination, but will be placed in a Japanese or U.S. Forces quarantine facility. Upon reaching 90 days of age, the animal will be given a rabies vaccination and kept in a quarantine facility for a period of 30 days. After 30 days, the animal will be released to the owner for a required Japanese Animal Quarantine Service regulations require that all animals entering Japan be examined to be free from communicable diseases. c. Companion animals that enter at a Japanese airport are to be picked up at the airport and processed through the Japanese Animal Quarantine Service at the airport.

d. Before the animal can be processed by the Animal Quarantine Service Personnel, the owner or authorized representative (via Special Power of Attorney) must fill out a Form 380EJ “Customs Free Import and Export of Cargo” or “Customs Declaration of Personal Property.” This form is available at the Customs Check Point upon entry.

e. Upon arrival at the Animal Quarantine Counter the Japanese personnel will initiate a Pet Quarantine and Examination Certificate (Form MDJ-270). Pet owners or their authorized representative (via Special Power of Attorney) must be able to provide the following information:
   • military address (duty station)
   • rank/rate
   • duty phone
   • temporary address

f. You will be required to sign this form stating you will present your pet for quarantine examination following the required period of “Home Quarantine” at a U.S. Forces Veterinary Office. Failure to present the animal for quarantine release may result in a fine of up to 50,000 Japanese yen

g. Japanese Animal Quarantine Service Officials are on duty whenever flights are scheduled to arrive.

h. Additional information may be obtained upon arrival from the Yokosuka Veterinary Clinic, 243-6820/7081.

3. Pets are NOT allowed aboard the scheduled Navy shuttle buses. If you are arriving with your pet(s), you will need to arrange, perhaps with the assistance of your sponsor, alternate transportation to the base. For more information, email efay_bus@fe.navy.mil or contact the Family Assistance Support Team at (DSN) 243-5770 to arrange transportation.

4. Most military families will reside in Temporary Lodging (Navy Lodge) for periods of up to 60 days while seeking housing on or off base. All rooms at the Navy Lodge are pet friendly. All kennel boarding fees, including the official assigned quarantine period, are the owner’s responsibility.

HOUSING

Government Housing

For most up to date information and floor plans, please visit our website:

Within 3 business days of your arrival, please check in or call 243-9037 (commercial 046-816-9037) the Yokosuka Housing Office (Bldg. 1441) next to the Navy Lodge to sign up for our Housing Welcome Brief, held Monday through Friday. The space is limited for the brief, therefore sign-up in advance is highly recommended. The housing brief begins at 0900 and check in is at 0830.

Note: Newly arrived families are allowed a choice of on or off base

Once you check-in to your command, please be sure to make copies of your PCS orders with command check-in stamp and Family Entry Approval for submission.

Military Family Housing (MFH) in Yokosuka and Ikego consists of 2,516 housing units. MFH includes town houses and high rise apartments. There are no basements or attics in family housing. All command sponsored family members are eligible for MFH. MFH units are furnished with household appliances (i.e. refrigerator, electric cooking stove, microwave oven, washer, dryer and dishwasher, etc.). Accordingly, it is suggested that you do not bring your own appliances with your household goods.

Dogs are only permitted in single-family/townhouses, and on the 1st and 2nd floor of all housing towers. They are NOT permitted in tower elevators for any reason or on any other floor above the 2nd. Members are permitted to have no more than two pets in their assigned unit (e.g., two cats; one cat and one dog), cats are permitted in all housing units. All pets must be registered with the Yokosuka Veterinary Services Office, have up-to-date vaccinations, and be micro-chipped for identification at all times. Pet cats must be spayed or neutered. Documentation certifying registration, vaccinations, spaying or neutering will be submitted to the Housing Office (HO) upon assignment, upon request or when there is a change. Failure to submit the required documents may result in loss of pet privileges in MFH.
Ikego Hills

Ikego Hills is set in a forested area in the seaside resort town of Zushi. Ikego has Club Takemiya (all hands club), campgrounds, paintball, Mini Navy Exchange, pool, Child Development Center, Elementary School (grades K-5), and other recreational areas are also available. Home-to-work shuttle buses (no fee) run from Ikego to Yokosuka in the morning and return in the evening, and following extra-curricular events at the high school. Ikego can be reached in 20 minutes in moderate traffic by surface roads. There is a designated pedestrian gate connected from the base to local train station, Jinmuji Station, which gives you access to Yokosuka (30 mins train ride).

Off-Base Housing

As discussed in the Financial Assistance section, moving into off-base housing can be costly; therefore, planning and budgeting ahead of time is key when moving into the Japanese Community. Initial housing expenses may range from $5,000 to $10,000. Military personnel may request ADVANCED HOUSING ALLOWANCE through their command. ADVANCED HOUSING ALLOWANCE is authorized to cover the entire move-in cost, which may include:

- first month's rent
- security deposit
- agent fee
- owner fee

Electrical power in Northern Japanese in off-base housing is 30-50 amps at 100 volts/50 cycles. On-base housing is also 100-volt/50-cycle power. On-base quarters have 220-volt outlets to accommodate American-style clothes dryers and electric stoves. Most off base Japanese houses do not have the space and or power requirements for American dryers. Space restrictions preclude the installation of an American-style washer/dryer and a large refrigerator or freezer. Because of the difference in the power provided, many American products will run slower due to low power supplied. Timers/clocks will lose about 10 seconds every minute.

Most American electrical products are equipped with a standard 3-prong plug, however most Japanese homes only provide two prong plugs and will require adapters. CFAY Housing can provide appliances for off-base rental quarters, if not already installed.

The Rental Partnership Program (RPP)

RPP is designed to assist military and civilians personnel in finding affordable, secure,
quality off-base housing. This program is available to anyone eligible for OHA or Living Quarters Allowance (LQA). If you are interested in RPP, please contact the CFAY Housing Services Center.

Please contact the CFAY Housing Services Center for any housing questions or needs at Yokosuka.Housing@fe.navy.mil.
