Task List for Safety Program Administrator, #286-7

Major Duties and responsibilities:

1. Under the supervision of Code 106.1 Division Head, the position is responsible for assisting overall administration, planning, and coordination of the following safety and occupational health related matters:

(a) Plan, direct, and administer the occupational health programs based on local needs and higher authority requirements. Review, evaluate and update instructions, guidelines, procedures, manuals, and standards pertaining to the occupational health program. Ensure that appropriate NAVHOSH requirements and considerations are incorporated into operations, facilities, materials, and equipment related to the health programs by conducting training/briefing to safety staff and personnel concerned.

(b) Coordinate inspection and surveys of various work area within the activity through the combined effort of the Water Front ESH team (C106.12) and the Industrial Hygienist related to the safety and occupational health programs. Ensure that corrective action is initiated on deficiency findings and appropriate reports are submitted. Coordinate investigation of 1 mishaps related the safety and occupational health matters.

(c) Conduct, coordinate, and advise on NAVOSH training and educational programs and evaluate the effectiveness of the training.

(d) Attend or arrange meeting, briefing, seminar, and workshop related to the occupational health program.

(e) Provide consultative services to safety and health hazard elements on safety and occupational health principles and technical aspects.

(f) As an assistant Hazardous Material Control Manager, coordinate occupational health aspects of the hazardous material control and management program. Provide consultative services to control the occupational exposure to hazard chemicals through the combined effort if the industrial hygienist and industrial physician. Assure appropriate training for the hazardous material control is provided and develop the command hazard communication system and the training plan. Assure the job specific Safety Data Sheets (SDS) are developed.

(g) As an assistant Respiratory Protection Program Manager, administer the command respiratory protection program.

(h) Oversight the PPE purchase review, Emergency eye wash / shower unit effectiveness, tracking status for Employee Report and trend analysis status for Mishap and Deficiency.

(i) Ensure the implementation of CPR/AED Program.

2. As Branch Head of C106.11, is responsible for developing, planning, directing and implementing the following programs:

- Respiratory Protection Program
- Hazardous Material Control and Management Program
- Hearing Conservation Program
- NAVOSH Training Program
- CPR/AED Program
- Sight Conservation Program
- Contractor Oversight Program
- Ship/Facility Inspection Program
- Employee Report Program
- Mishap Investigation Program
- Personal Protection Equipment (PPE) Program
- Mishap/Deficiency Analysis Program

Conduct annual evaluation to the above programs and develop the improvement plan for the next year per NAVOSH Process Review & Measurement System or equivalent system.

3. Conduct NAVOSH inspection and training as a safety specialist, Fall Protection Service as a competent person and Job Safety Analysis Support for shop/code.

4. Performs other related or incidental duties.
