NAVAL SUPPORT ACTIVITY Environmental Policy Statement

Naval Support Activity (NSA) Mechanicsburg is a multi-functional facility that supports DoD requirements through the use of three separate installations all under the command of one Commanding Officer. We acknowledge that environmental stewardship is essential to the safe, healthful, and compliant execution of our mission and the preservation and protection of our land, air, and water.

To achieve our goals, NSA Mechanicsburg has adopted the following guidelines for our environmental management system. We commit to:

- Compliance with local, State and Federal environmental laws, regulations, and policies;
- Preventing pollution at its source whenever possible;
- Continually improve our environmental performance through the use of effective environmental management and planning;
- Ensure implementation of pollution prevention measures and waste minimization programs;
- Develop objectives and targets and implement sustainable practices to reduce environmental impacts.
