

NAVAL AIR STATION FORT WORTH JOINT RESERVE BASE

ENVIRONMENTAL POLICY STATEMENT

It is the policy of Naval Air Station Fort Worth Joint Reserve Base to ensure Navy and tenant commands meet their mission in an efficient and environmentally responsible manner.

Naval Air Station Fort Worth Joint Reserve Base and tenant commands shall:

- Independently and collectively **continue to improve** measures which **prevent pollution, reduce energy consumption, and reduce hazardous and solid waste.**
- **Comply with** relevant environmental **laws, Executive Orders, Regulations,** and DOD and services' Environmental Policies.
- **Exploit financially justifiable alternative energy** opportunities appropriate for the Fort Worth locale.
- **Show an increased attentiveness** as co-stewards **of Lake Worth** as a fresh water and recreational resource for both the installation and Fort Worth's growing urban area.

A handwritten signature in black ink, appearing to read "M.J. Steffen".

CAPT M.J. Steffen, USN
Commanding Officer
