Commander NCBC Gulfport set Tropical Cyclone Condition of Readiness Four for NCBC Gulfport. TCCOR 4 - Trend indicates possible threats of destructive winds are indicated within 72 hours. Understand Tropical Cyclone Conditions of Readiness. Tropical Cyclone Conditions of Readiness (TCCOR) are the Navy's guidelines for estimating how long a region has and the actions necessary before it will be hit by destructive winds. Destructive winds are defined as winds of 58 mph or greater. At each TCCOR level, installations and tenant commands have set actions or checklists to complete prior to the storms arrival. These checklists range from verifying recall procedures to closing facilities and sandbagging. Essential supplies can quickly sell out when a major storm is forecasted to hit the region, so it is vital for personnel to prepare for damaging storms before they establish themselves in the news cycle. Go to http://www.ready.navy.mil/be_informed/natural_hazards/hurricane_typhoon.html for more information. Be Ready.
