

# NAS Jacksonville

## Environmental Management System (EMS)

**Our mission is to sustain, enable and support Naval Aviation warfighter readiness.**

**In support of our mission we ensure environmental compliance, prevent pollution, sustain natural and cultural resources and promote continual improvement of Station EMS through objectives and targets.**

### **Station Objectives and Targets**

- 1. Water Quality – divert wastewater from St. Johns River**
- 2. Solid Waste - divert solid waste from landfill**
- 3. Energy - reduce energy use**
- 4. Chemical - reduce specific chemical use**

**You support the best environmental management system in the Navy**
