

Environmental Policy Statement

29 November 2018

Naval Submarine Base (SUBASE) Kings Bay, our tenant commands and contractors are committed to protect, preserve and conserve our environment and to prevent pollution through active stewardship and conformance with environmental laws and regulations. Our policy is to “CARE;” C = Comply With Rules; A = Always Improve; R = Reduce Waste; E = Eliminate Pollution. We strive for continual improvement in our performance by:

- Communicating our environmental policy and providing environmental awareness training to all employees so that all hands understand their roles and responsibilities as stewards of the environment.
- Incorporating the requirements of environmental policies, energy statutes, regulations and executive orders into our planning, decision-making and day-to-day business practices throughout Kings Bay.
- Conducting an annual management review by the Installation Environmental Management Team (IEMT), Public Works Officer and SUBASE Commanding Officer to determine the effectiveness of our environmental management programs as well as continual participation by the IEMT in evaluating our mission requirements, processes and practices and developing objectives, targets and procedures to meet our established goals while mitigating environmental impacts.
- Increasing community awareness of our environmental programs through a variety of communication methods.
- Prompting environmental partnerships with interested parties including local, state and Federal governmental agencies.
