

ARRIVE ALIVE PROGRAM ACKNOWLEDGEMENT OF GUIDELINES

"I, _____ acknowledged receipt of my 511/Arrive Alive program card # _____ and understand that any misuse or indebtedness incurred on this card may result in termination of this program, disciplinary or administrative action or in processing for administrative separation."

1. I understand that the 511/Arrive Alive program is not a "free ride program" and does NOT allow "unfettered access" for transportation service due to a lack of prior planning (i.e. not having funds for transportation, a designated driver, a person to call if impaired).
2. I understand that the 511/Arrive Alive card is "only" to be used by personnel who have driven their vehicle and are faced with a decision to either take a taxi or drive while impaired, after having exhausted all other means of ensuring safe transport to place of residence or command.
3. I understand that service members will return their card to the command designated POC upon transferring from the command or separating from the Navy.
4. I understand that a single card will be issued only to service members with a driver's license, valid in the 50 states, US territories and possessions and that cards are not to be traded, bartered, sold or given to anyone else.
5. I understand that cards are only to be used by active duty Navy personnel assigned to San Diego metro area of responsibility.
6. I understand that cards are not to be issued or used by personnel on TAD less than 90 days. Students, midshipmen and visitors are not authorized to use the cards.
7. I understand that service members of the Marine Corps, Army, Air Force and Coast Guard are not authorized to use the cards.
8. It is understood that if any unauthorized/non-navy personnel redeem a card for any reason, the serialized card will be tracked to the command designated POC and the command will be notified for action.
9. I understand that Yellow Cab Company of San Diego/Coronado will no longer provide trips from the south or San Diego metro areas to Camp Pendleton.
10. I understand that under no circumstances will trips to or from the airport be permitted.
11. I understand that when using 511/Arrive Alive cards, service members must show their common access card (CAC) to the cab driver upon entering the vehicle.
12. I understand that service members must surrender their 511/Arrive Alive card to the cab driver.
13. I understand that service members must direct cab driver to their place of residence or ship only. Multiple destinations or stops are not authorized.
14. I understand that service members must obtain a receipt for the fare charged.
15. I understand that a receipt will be provided to the command designated POC for issuance of new card and verification of its redemption.

I have read and understand the following guidelines as outlined above:

Signature: _____ Date: _____

Service Member Name: _____
(Last, First, M.I.) Rank/Rate
