No problem at all. Engagement with the Region may be most appropriate. (b) (6) will also follow-up with you on possibly sharing the formal investigation report that was developed by CNIC IG, for your eyes and official use only. It may provide additional insight.

(b) (6),

A little more involved than I thought. Can I ask CNRMA for a little assistance? I was thinking of a phone call with them to develop a solid reply to your team.
