CNIC INSTRUCTION 11103.3B

From: Commander, Navy Installations Command

Subj: MANAGEMENT AND OVERSIGHT OF NAVY-OWNED AND PRIVATIZED
GENERAL AND FLAG OFFICER QUARTERS

Ref: (a) CNICINST 5009.5
(b) 10 U.S.C. §§ 2821 - 2837 Military Family Housing
(c) OPNAVINST 5009.2
(d) CNICINST 11103.4
(e) CNICINST 11103.8
(f) CNICINST 11103.10
(g) 10 U.S.C. § 2872 Alternative Authority for
Acquisition and Improvement of Military Housing-
General Authority
(h) CNICINST 11103.7
(i) SECNAVINST 11103.73B
(j) DoD 4165.63-M, DoD Housing Management, 28 October
2010

Encl: (1) Terms of Reference
(2) Management of General and Flag Officer Quarters
(GFOQs) Navy Owned/Controlled
(3) Management of General and Flag Officer Quarters
(GFOQs) Privatized
(4) Furnishings Allowances
(5) Billeted Quarters-Navy Flag, Privatized Flag and
Installation Command
(6) Navy Housing Special Command Positions

1. Purpose. To provide Navy policy regarding the assignment, management, furnishing and cost reporting for all housing assigned to general and flag officers and civilian equivalents, in accordance with references (a) through (c). Reference (d) defines responsibility for policy, program management, overall coordination and execution of housing programs (Bachelor and Family) within the Navy. This instruction incorporates guidance for the construction of any new Navy-owned, leased or privatized

General and Flag Officer Quarters (GFOQs) and revised procedures for submission of budgets for privatized GFOQs.

2. Cancellation. CNICINST 11103.3A.

3. Background. This instruction consolidates guidance for Navy-owned and leased quarters, and Privatized Homes occupied by officers of grade O-7 (including select) and higher grade. It also includes guidance for supplemental furnishings for Commanding Officers (COs) of Installations. It describes unique, special policies and controls applicable to this type of housing. It complies fully with the scope and intent of Congressional, Department of Defense, Secretary of the Navy, and Chief of Naval Operations guidance. Navy-owned and leased quarters are defined as those being on the Navy Family Housing property account, or otherwise under Navy control per references (e) and (f).

a. Housing units designated for general and flag officers and civilian equivalents are typically the highest cost family housing in the Navy inventory due to their age, size, or historic status. As a result, this housing receives close scrutiny from the private and public sector due to the prominence of the residents. The Office of the Secretary of Defense reviews an annual cost report on the operations, maintenance, repair and improvements of each Navy-owned and leased GFOQ and forwards it to Congress via the Office of Assistant Secretary of the Navy (Energy, Installations and Environment) ((ASN (EI&E))).

b. Under the authority of reference (g), the operation of many GFOQs has been turned over to a Private Partner. Once privatized, these homes are referred to as Privatized GFOQs. Costs associated with all construction, improvements, operations, maintenance and repair of Privatized GFOQs are funded as part of each partner's operating expense. Privatized GFOQs are not under direct Navy management.

c. Housing staff responsible for management of these units must understand and comply with statutory requirements and Congressional notifications outlined in reference (h).

4. Policy

a. This policy applies to the management, services, maintenance, repair, and improvement of the dwelling, and includes government-provided furnishings and associated grounds.

b. Enclosure (1) is a listing of definitions of terms used in this instruction.

c. Enclosure (2) provides the policy specific to Navy-owned/controlled GFOQs.

d. Enclosure (3) provides policy specific to Privatized GFOQs.

e. Enclosure (4) lists optional furnishings items, available for Flag and Installation Commander Quarters (ICQs).

f. Enclosure (5) is a list of billeted quarters as of April 2011.

g. Enclosure (6) is a current list of Special Command Positions (SCP) housed by the Navy as of April 2011.

h. Quarters under the operational control of a Service are subject to the regulations and policies established by that Service, for example Navy Flag occupies Air Force quarters, Air Force policy applies.

5. Responsibilities. Commander, Navy Installations Command (CNIC) is responsible for:

(1) Administering the provisions of this instruction.

(2) Reviewing and revising policy instructions.

6. Action

a. CNIC shall:

(1) Approve or disapprove waiver requests as established in this instruction.

(2) Approve or disapprove exceptions to Flag Officer Housing policy when requested by the Region Commander.

(3) Review and approve design, floor plans and final construction plans for any new flag quarters.

(4) The following apply only to government-owned or leased GFOQs:

- (a) Approve or disapprove requests to designate GFOQs that meet the criteria in reference (i).
 - (b) Approve or disapprove requests to re-designate GFOQs as senior officer quarters.
 - (c) Approve or disapprove grounds maintenance waiver requests for GFOQs.
 - (d) Develop and publish annual GFOQ budget guidance.
 - (e) Technically validate, review, and submit annually to the office of Financial Management and Budget the required Congressional budget submissions, which shall conform to the CNIC six-year maintenance plans and shall ensure the most cost-effective options for execution have been incorporated.
 - (f) Approve or disapprove all resident-driven requests not previously identified in the approved budget for the current Fiscal Year (FY). This includes furnishings requests that will cause the approved furnishing budget to be exceeded, regardless of the approved allowances detailed in enclosure (4) and maintenance or repair items not specifically programmed and approved in the current FY budget.
 - (g) Coordinate, review, and submit to ASN (EI&E) all Congressional notifications, including the annual Flag Operations and Maintenance report.
 - (h) Review out-of-cycle Congressional submissions for emergent and safety-related requirements and submit to ASN (EI&E) in accordance with reference (j).
 - (i) For the construction of any Navy-owned or leased Flag quarters, review and approve statement of work (SOW), Requests for Proposal (RFP) prior to solicitation and the design and technical submissions prior to authorization (design-build contract process) or award (design-bid-build contract process) of construction.
- (5) The following apply only to Privatized GFOQs:
- (a) Approve or disapprove exceptions to Privatized GFOQ policy when requested by the Region Commander.
 - (b) Approve or disapprove Privatized GFOQ budgets

exceeding caps.

(c) Approve or disapprove all resident-driven requests not previously identified in the budget submitted by the Partner for that year. This includes both furnishings and maintenance or repair items specifically requested by the current resident that were not programmed and included in the budget submitted by the Partner and approved by CNIC.

b. Region Commanders shall:

(1) Submit requests for waivers to CNIC as established in this instruction.

(2) Review quarterly and year-end cost reports and submit to CNIC via the enterprise Military Housing (eMH) General and Flag Officer Module (GFOM).

(3) Provide technical program expertise and support to Installation and/or Region personnel.

(4) The following apply only to government-owned or leased GFOQs:

(a) Coordinate, review, validate and assist Installations in developing a comprehensive six-year maintenance plan on each GFOQ, including leased GFOQs, under their cognizance.

(b) Review Installation GFOQ budgets and submit to CNIC via the eMH GFOM, during the annual Congressional budget call.

(c) Forward the required annual Congressional budget submissions to CNIC.

(d) Review and submit to CNIC all Congressional notifications.

(e) Review and submit to CNIC out-of-cycle Congressional submissions for emergent and safety-related requirements that will exceed the \$35K threshold for maintenance and repair projects.

(f) Review and submit to CNIC all resident-driven requests not previously identified in the approved budget for the current FY.

(g) Coordinate with the execution agent to ensure prior CNIC HQ review and approval of SOW, translation of requirements in the RFPs, and designs for construction of new Flag quarters.

(5) The following apply only to Privatized GFOQs:

(a) Review and forward to CNIC all Privatized GFOQ annual budgets.

(b) Review and submit to CNIC all resident-driven requests not previously identified in the budget submitted by the Partner for that year.

(c) Coordinate with and provide to the CNIC Housing Public Private Venture (PPV) project manager proposed design and construction plans during the planning process for any new Flag quarters.

c. Installation COs shall:

(1) Provide the resident sponsor of a GFOQ a copy of this instruction. At the earliest opportunity, ensure delivery of a personalized briefing of the key elements of the GFOQ rules, regulations and repair plans for the unit, during occupancy.

(2) Submit requests for waivers to Region Commander as established in this instruction.

(3) The following apply only to government-owned or leased GFOQs:

(a) Submit changes to approved scope of work as identified in the budget and six-year maintenance plan to CNIC via the Region.

(b) Execute the CNIC-approved six-year maintenance plan within scope and cost. Ensure the resident is fully informed of all work scheduled for the quarters prior to and during occupancy. Ensure the sponsor resident is briefed quarterly concerning the costs charged to the quarters as they relate to the six-year maintenance plan. The information for this brief is contained in the cost report of the GFOM in eMH.

(c) Ensure the development and submission of annual budgets for each GFOQ in accordance with annual family housing budget guidance published by CNIC.

(d) Use the eMH GFOM to develop and update the six-year maintenance plan, as required, during the annual budget submission process. Ensure that the most cost effective options for execution have been incorporated. Document, justify and explain any variances from the previously submitted plan. Annual submission of the budget documentation to CNIC via the Region Commander is required regardless of total maintenance and repair costs.

(e) Submit emergent or safety-related Congressional notifications to CNIC via the Region Commander. Emergent or safety-related items include natural disaster damage, unforeseen component failure, flooding or fire.

(f) Submit requests for grounds maintenance waivers to CNIC via Region for all GFOQs. Advise residents of their responsibilities for grounds maintenance until receipt of waiver approval or disapproval.

(g) Review and submit to the Region Commander all resident-driven requests not previously identified in the approved budget for the current FY.

(h) Ensure the accurate preparation of individual quarterly and annual cost reports. Provide quarterly summary costs and other information to residents for review. Ensure that quarterly cost reports in the GFOM of eMH are updated on a timely basis and fully completed by 31 October for the prior FY.

(i) Ensure accurate preparation of required annual cost reports.

(j) Submit requests for designation of flag quarters, and re-designation from flag quarters, to CNIC via the Region Commander.

(4) The following apply only to Privatized GFOQs:

(a) Ensure Privatized GFOQ annual budgets are reviewed and submitted to the Region Commander prior to execution.

(b) Review and submit to the Region Commander all resident-driven requests not previously identified in the budget submitted by the PPV partner for that year.

(c) The Partner shall as per the business agreements:

1. Develop annual budgets and submit to CNIC via the NAVFAC Business Agreement Manager for review and approval prior to execution.

2. Maintain consistency in the appearance of the exteriors of all homes in neighborhoods where Privatized GFOQs and Installation CO quarters are located. The Partner must maintain all homes in these neighborhoods to standards equal to Privatized GFOQs.

d. Residents of GFOQs shall:

(1) Conserve utilities, ensuring the judicious use of heating and cooling in rooms not used for family living.

(2) Report any condition deficiencies discovered which affect habitability, safety and structural integrity of the units.

(3) Allow reasonable access to the quarters to facilitate execution of maintenance, repair and planning.

(4) Submit requests to extend assignment beyond limits established in this instruction.

(5) Request procurement of replacement furniture, floor covering or window treatments on the basis of age and condition only. Floor covering or window treatments will not be replaced based on personal furnishings or decorative preferences. Enclosure (4) contains a list of furnishings options for GFOQs of the COs of the Installation and SCPs.

(6) Personally review quarterly and annual cost reports and related information.

(7) The following apply only to government-owned or leased GFOQs:

(a) Be personally familiar with the rules and regulations provided in this instruction and the Desk Guide for

the Management of GFOQs governing the operation of Navy GFOQs, as well as all operations and maintenance costs for their assigned unit (including designated grounds and approved public entertainment areas) in accordance with reference (i).

(b) Be personally familiar with the budget and the procedures for ordering specific services and maintenance work. Be aware of, and remain in accordance with, expenditures that are within the approval authority of the COs of the Installation, as well as those that must be submitted to higher authority for approval. Understand that work outside the scope of the budget and CNIC-approved six-year maintenance plan must be submitted for approval in writing, with justification to CNIC via the chain of command. No work shall commence unless authorized.

(8) The following apply only to Privatized GFOQs:

(a) Be personally familiar with the contents of this instruction, terms of their lease agreement and resident handbook.

(b) Understand that the Partner must comply with the CNIC approved annual budget.

13 Dec 2011

TERMS OF REFERENCE

1. Billeted Quarters. Those quarters designated for assignment to personnel filling billets to which those quarters are assigned. The Region Commander designates billeted quarters.

2. Furnishings. Furniture, household equipment, carpet (when not installed as part of the unit), draperies, and miscellaneous items procured under special authority per SECNAVINST 11103.73B. This includes special allowance household goods authorized for designated Special Command Positions such as china, glassware, silver, table linen, cutlery and kitchen utensils. In foreign areas, includes equipment or appliances normally provided as part of the housing unit in the United States, such as moveable kitchen cabinets, wardrobes, or light fixtures in accordance with the CNIC Desk Guide-Management of General and Flag Officer Quarters.

3. General and Flag Officer Quarters (GFOQs). A family-housing unit assigned to a general officer (including those frocked to O-7), or a civilian equivalent. GFOQs are designated Navy managed housing units specifically identified for occupancy of O-7 and above personnel. The unit may be a single structure or part of a multiple-family building, including grounds, walks, patio, privacy fence, utility service lines, carport, garage, driveway or other paved areas and other structures on the grounds for the exclusive use of the residents.

4. Housing Authority (HA). The Region Commander or Installation Commanding Officer who has the housing plant account responsibility and/or responsibility for the implementation of housing policy.

5. Improvements. Alterations, additions, expansions and extensions including rehabilitation of a housing unit as defined by the CNIC Desk Guide-Management of General and Flag Officer Quarters.

6. Incidental Improvements. Minor construction or improvements funded from the routine maintenance account. Installations are limited to a total expense on such improvements of \$3,000 annually. This is a cumulative total, in other words several small tasks may not total more than \$3,000 per year per quarters. CNIC may approve incidental improvements up to \$7,500 per quarters. Incidental improvements are charged against the maintenance and repair (M&R) budget for the quarters in accordance with SECNAVINST 11103.73B.

7. Initial Development Plan. The initial work, including construction, repairs and improvements, projected for a privatized GFOQ for accomplishment over the first five years of the privatization project.

8. Privatized GFOQ. A family-housing unit assigned to an officer of pay grade O-7 and above (including those frocked to O-7) or civilian equivalent that has been privatized under the authority of 10 U.S.C. § 2872. Under this authority, a managing partner is responsible for the operation and maintenance of the home. Privatized GFOQs are not Navy owned nor controlled.

9. Special Command Position (SCP). A position designated by the Office of the Secretary of Defense (OSD) in accordance with DoD 4165.63-M and DoD Directive 5105.53. SCPs are authorized additional furnishings as detailed in enclosure (3).

10. Six-Year Maintenance Plan. A long-range plan for Navy-owned/controlled GFOQ covering a six-year period used to budget for routine preventive maintenance, grounds maintenance, maintenance & repair, and improvements. The plan details the scope and total cost of projected major maintenance and repair, minor alterations, and improvements to include work planned for change of occupancy. This plan defines GFOQ requirements, which are integrated into the Navy Family Housing Master Plan to prioritize funding allocations. The plan contains information for the past year, current year and four future years.

13 Dec 2011

**MANAGEMENT OF GENERAL AND FLAG OFFICER QUARTERS (GFOQs)
NAVY OWNED/CONTROLLED**

1. Discussion. The Navy is committed to maintaining GFOQs in a state of condition and repair commensurate with their purpose and historical significance, and to protecting significant Navy investments. Quality housing enables senior Navy leaders to perform their mission and provides acceptable settings for official entertainment. The high cost of operating these units necessitates positive action to achieve all practicable economies. GFOQs are to be managed in accordance with all DoD and Department of the Navy (DON) established cost limitations and budgets.

2. Delegation of Authority. Approving authorities as listed in the CNIC Desk Guide-Management of General and Flag Officer Quarters, may not be further delegated. In no case will the individual exercising this authority waive a policy or regulation herein for his or her own dwelling or the dwelling of a person senior in rank.

3. Funding and Operation & Maintenance Budgets. In accordance with SECNAVINST 11103.73B, DoD 7000.14-R and ASN (FM&C) Memo of 16 Mar 00, all costs associated with the construction, improvement, operation, maintenance, and repair of GFOQs will be funded solely from the family housing appropriation (FH,N). Installations/Regions are authorized to spend annually up to \$35,000 for maintenance, repair, incidental improvements, management, services and furnishings for each Navy owned or leased GFOQ in accordance with the CNIC-approved maintenance plan and the CNIC-approved budget for that dwelling. This limit cannot be exceeded without prior Congressional notification pursuant to Title 10, United States Code, Section 2831.

a. Included in the \$35,000 limit is \$3,000 for incidental improvements. The \$3,000 limit on incidental improvements is a cumulative total for the fiscal year (FY). Incidental improvements in excess of \$3,000 for a fiscal year must be approved by CNIC. Examples of incidental improvements would include replacing life-cycle items (carpeting, appliances, tile, etc.) before the life cycle for such items has expired, building new shelves, creating fences around trash containers, etc. If a minor permanent change is being made to the quarters, it is an incidental improvement and is subject to the annual dollar limit of \$3,000, or \$7,500 with prior CNIC approval.

b. SECNAVINST 11103.73B stipulates that maintenance and repair budgets (including incidental improvements, management, services and furnishings) above \$35,000 require approval by Congress, as part of the President's regular budget submission each January.

4. Eligibility. Eligibility for a GFOQ does not ensure availability or assignment to a particular unit. In accordance with CNICINST 5009.5 paragraph C2.5.1.2, the priority of foreign military personnel and the non-military uniformed personnel of the U.S. Public Health Service will be determined by CNIC.

a. Active Duty military O-7 and above personnel, and others as designated by the Office of the Secretary of Defense that are serving in a Special Command Position are eligible for GFOQs.

b. Eligibility for Billeted Quarters, where established, is determined by the position of Command assignment, for example CO, Fleet Commander. Billeted Quarters are established for the Command position and must be vacated when the position is no longer held by the incumbent. Refer to enclosure (5) for a list of billeted quarters.

c. Single members or members unaccompanied by their dependents may be assigned to Billeted Quarters when the member is ordered to the corresponding billet. Assignment to Billeted Quarters would stop the member's entitlement to Basic Allowance for Housing.

5. Assignment to GFOQS and Billeted Quarters. The Region Commander will determine the requirements for GFOQs and Billeted Quarters. Refer to enclosure (5) for the approved list of Billeted Quarters. Each Region Commander will establish procedures for assignment to GFOQs and/or Billeted Quarters within their respective Regions, to include local assignment priority.

a. Per CNICINST 5009.5, guidelines for assignment priority are as follows:

(1) Priority I. Personnel serving in billets listed in enclosure (3). Those billets correspond to numbered dwelling and are referred to as Billeted Quarters.

(2) Priority II. Personnel not included in Priority I that are serving in the capacity of Special Command Positions (SCPs) and quarters are necessary based upon operational

Enclosure (2)

considerations. Refer to enclosure (6) for an approved list of SCPs.

(3) Priority III. Other Navy or Marine Corps O-7 and above that are not included in Priority I or II but where command positions are assigned to GFOQ units supported by the host installation.

(4) Priority IV. Other Navy or Marine Corps O-7 and above that are not included in Priority I, II or III.

(5) Priority V. Navy or Marine Corps Senior Executive Service or equivalent personnel, where quarters are determined necessary by the Region Commander based upon operational considerations.

(6) Priority VI. Other Service O-7 and above, or civilian equivalent.

b. Flag Officers that are assigned to positions with designated Billeted Quarters are required to occupy those quarters. Exceptions to this policy may be granted under special circumstances by the Region Commander. On such occasions, the Billeted Quarters will then be assigned to other eligible personnel from the waiting list and will not normally be available for reassignment until vacated by the current occupant. The Regional Housing Authority (HA) may require a recapture agreement to be signed at the time of assignment, requiring a 30-day notice to vacate for an incoming Priority I eligible member.

c. Available housing will be assigned as soon as possible to ensure maximum occupancy. Housing will not be assigned more than 45 days in advance of anticipated reporting date. Housing, other than designated Billet Quarters will not be held vacant without written exception from the Region Commander.

d. Members on Global War on Terrorism Support Assignment (GSA) orders have the option to leave dependents at their previous duty station within the continental United States. Per CNO memo Ser N130/07U0311 of 27 July 07, a member with dependents who reside in Navy owned/controlled quarters at a previous duty station at the time the member executes GSA Permanent Change of Station (PCS) orders, and who elects to execute the GSA PCS orders without moving dependents, may desire to leave their dependents in government quarters for the duration of the GSA assignment. In such circumstances, members

Enclosure (2)

must submit a request to CNIC via the Region Commander, to enable dependents to remain in government quarters at the previous duty station. Such action may require moving dependents to other available quarters, at no cost, if currently occupied GFOQ are required for a higher priority member.

e. Dependents of members on GSA orders, Indeterminate Temporary Duty or Temporary Additional Duty in excess of 12 consecutive months who are approved to remain at previous duty station and occupy GFOQ or Billet Quarters, may be required to relocate to alternate suitable government quarters not designated as GFOQ or Billet Quarters, at no cost to the member.

6. Termination of Assignment. The sponsor or designated representative (Power of Attorney) will advise the appropriate HA a minimum of 30 days in advance (60 days preferred) of the intent to terminate assignment to quarters due to PCS orders, relocation to the community, or retirement from Active Service.

a. Absent extraordinary, special situations, residents of billeted quarters will terminate their quarters on the earlier of the following:

(1) The Officer's effective date of retirement from Active Duty.

(2) No more than ten (10) days after relinquishing the Officer's billet if the officer is not ordered to a successive assignment within the area.

b. GFOQs, whether Billeted Quarters or not, must be vacated when the occupant is no longer the incumbent of the position authorizing assignment to those quarters, for example a Change of Command date. The last authorized date of occupancy is the same as the last date of duty in the position authorizing the designated housing, unless granted a waiver under terms of paragraph 6a above. Flag Officers residing in Billeted Quarters and transferring to an assignment within the same Housing Area will be offered the first available government housing for which they are qualified; however, there is no guarantee of availability/assignment. Relocation will be government funded.

c. Requests to extend assignment to housing beyond retirement or new reporting date must be submitted to CNIC for approval no later than 30 days prior to the effective date or the termination criteria in this paragraph will apply. The request will detail the justification and hardship incurred.

Enclosure (2)

Waiver requests for extensions to remain in quarters will be considered on a case-by-case basis and must demonstrate significant hardship to the resident if forced to move within these guidelines.

(1) No authorized personnel should be denied housing to accommodate a request for extension.

(2) The HA will establish rental charges and payment procedures in accordance with OMB Circular A-45.

7. Furnishings Allowance

a. Region Commanders may limit quantities as deemed necessary. Requests for items not on enclosure (4) must be approved by CNIC.

b. SCPs generally have significantly more responsibilities than non-SCPs for official entertainment activities in representing the interests of the United States. Incumbents of SCPs are often housed in larger homes which may require more than the usual amount of furniture. Therefore, incumbents of SCPs are authorized furnishings in one guest bedroom as well as in the public entertainment areas. SCPs are authorized to have commercial-grade appliances. Window treatments are authorized throughout the quarters.

c. Small kitchen appliances, kitchen utensils, and cookware are authorized for SCP quarters for the purpose of food preparation for official functions. This list is not all-inclusive and other items may be purchased as needed.

d. Non-SCP quarters are only authorized residential quality/size appliances. Residential stoves fit standard openings of 30-32 inches wide. Residential refrigerators are limited to 27 cubic feet. If a residence already has commercial grade appliances, they may be replaced in kind. Non-SCPs may have a total of three residential refrigerators or freezers in any combination; that is, two refrigerators plus one freezer, or one refrigerator plus two freezers.

e. Gas for portable grills in SCP quarters is considered a consumable, and will be the responsibility of the resident.

8. Waivers. Exceptions or waivers to policy contained herein, unless as otherwise stated, shall be forwarded with impact statements to CNIC HQ for approval. These waivers include

Enclosure (2)

CNICINST 11103.3B

13 Dec 2011

requests for additional furnishings and permission to remain in quarters past termination dates.

Enclosure (2)

13 Dec 2011

**MANAGEMENT OF GENERAL AND FLAG OFFICER QUARTERS (GFOQs)
PRIVATIZED**

1. Discussion. The Military Housing Privatization Initiative (MHPI) legislation was enacted in February 1996. Under these authorities, Department of Defense (DoD) can work with the private sector to revitalize military housing by employing a variety of financial tools. For the Navy, the basic concept is the formation of a Limited Liability Company (LLC) consisting of the Navy and a private sector company. It is the goal of CNIC to implement consistent policies across the Public Private Venture (PPV) portfolio to ensure uniform guidelines and procedures for the management of Privatized GFOQs.

2. Delegation of Authority. Approving authorities as listed in the CNIC Desk Guide-Management of General and Flag Officer Quarters, paragraph 3.1.2, may not be further delegated. In no case will the individual exercising this authority waive a policy or regulation herein for his or her own dwelling or the dwelling of a person senior in rank.

3. Funding and Operations and Maintenance (O&M) Budgets. The LLC owns, builds, revitalizes, repairs, and manages housing units and leases them to military families on a preferential basis.

a. Privatized housing annual budgets are submitted by the privatization Partner through the Business Agreement Manager (BAM), to the DoN Representative (DoN Rep), Region Commander, and to CNIC for review prior to execution. The annual budgets include projected expenditures for all Privatized GFOQs. CNIC has asked the Partners to seek CNIC approval at the time of the initial budget submission for Privatized GFOQ expenditures anticipated to exceed any established cap of either \$35K or \$50K per year per home, as described below.

(1) All homes measuring 5,000 gross square feet (GSF) or more are subject to the \$50K cap, and homes under 5,000 GSF are subject to a \$35K cap. The cap does not include utilities but does include all operations, maintenance, repairs, improvements and furnishings expenditures. CNIC does not intend to approve increases in budgets that will exceed the caps after the initial budget submission, except as provided in paragraph (2) below.

(2) Budgets that exceed their caps because of emergent work to prevent the suspension of services, protect the structural integrity of the house or to perform repairs for the health and safety of the residents are approved. After-the-fact

Enclosure (3)

notifications to CNIC are required in these cases. Guidance as to how to submit after-the-fact notifications of emergent repairs can be found in the CNIC Desk Guide-Management of General and Flag Officer Quarters.

b. Privatized GFOQ budgets are submitted to the Navy as part of the overall privatized budget for the various projects. The Navy is obligated to review and approve the budgets to ensure the Partners can meet their financial and contractual obligations. Sample forms used are provided as Appendices A and B of this enclosure.

c. The Partner shall maintain accounting records and provide quarterly reports of expenditures for each Privatized GFOQ. These reports shall include all expenditures, including those repairs and improvements approved in the Initial Development Plan and any subsequent projects executed for the home. These reports will be used to provide the required annual report to Congress on the operations, maintenance and repair costs of Privatized GFOQs whose expenditures have exceeded \$50K for the year as required by 10 U.S.C. § 2884.

d. Government-owned GFOQ furnishings for Privatized GFOQs are turned over to the Partners for maintenance and replacement, including furnishings for Installation CO quarters. PPV agreements do not contain the requirement to maintain or replace the furnishings for Installation CO quarters. If a house was privatized with existing furniture, the DoN has requested that the Partners maintain those furnishings and replace them in-kind as needed. The Partners will assess the Project's needs and resources and determine if requests for replacement furnishings for ICQs can be accommodated. Any such maintenance and furnishing replacement for ICQs will be included as part of the Annual Budget submission.

e. Provision of a Navy Marine Corps Intranet (NMCI) seat for Privatized GFOQs shall not be funded by the Partner or Navy Family Housing (FH,N) funds, and instead shall be funded through Command O&M Navy and O&M Navy Reserve Funds or other command funding. All expenses regarding the installation of secure communications will be borne by the command and not the PPV partner. No FH,N funding will be used on a PPV GFOQ.

4. Eligibility. Eligibility for a Privatized GFOQ does not ensure availability or assignment to a particular unit. In accordance with CNICINST 11103.8 paragraph C2.5.1.2 and the terms of the PPV agreement, the priority of foreign military

Enclosure (3)

personnel, and the nonmilitary uniformed personnel of the U.S. Public Health Service will be determined by CNIC unless otherwise stated in PPV agreements.

5. Referral to Privatized GFOQs. Each Region Commander will establish local procedures for referral to Privatized GFOQs within their respective region. Local referral policy will be subject to following the terms of the project agreement.

a. Execution of a lease to a Privatized GFOQ for which a member is not qualified includes the inherent risk of being asked to vacate upon the arrival of a qualified member. Examples would include an O-6 who accepts a vacant Privatized GFOQ or a Flag Officer who accepts a Privatized GFOQ that is not associated with his/her billet per enclosure (5). These cases, will be clearly stipulated in Appendix C to this enclosure.

b. Privatized GFOQs are allowed to remain vacant for up to 120 days pending the arrival of a qualified applicant. The PPV partner has the ability to rent to a non-flag if there is no qualified applicant. In order to protect the business interests of the managing partner, the home should be rented as soon as possible.

c. Members on Global War on Terrorism Support Assignment (GSA) orders have the option to leave dependents at their previous duty station (CONUS). Per CNO memo Ser N130/07U0311 of 27 July 07, a member with dependents who reside in privatized housing at a previous duty station at the time the member executes GSA Permanent Change of Station (PCS) orders, and who elects to execute the GSA PCS orders without moving dependents, may leave their dependents in privatized housing at the previous duty station for the duration of the GSA assignment. In such circumstances, members must submit a request to CNIC via the Region Commander, to enable dependents to remain in privatized housing at the previous duty station. Such action may require moving dependents to another suitable home, at no cost to the member, if the currently occupied Privatized GFOQ is needed for a higher priority applicant.

d. Dependents of members on Indeterminate Temporary Duty or Temporary Additional Duty in excess of 12 consecutive months, who are approved to remain at previous duty station and occupy a Privatized GFOQ, may be required to relocate to alternate suitable housing not designated as an Privatized GFOQ, at no cost to the member.

6. Extension after Transfer or Change of Command. Extensions to remain in Privatized GFOQs more than ten days after PCS or retirement dates will not normally be approved. If requested, the extension will be forwarded to CNIC for approval. Waiver requests for extensions to remain in quarters will be considered on a case-by-case basis and must demonstrate significant hardship to the resident if forced to move within these guidelines. Residents of billeted quarters must request waivers to remain or extend occupancy after relinquishing their billets.

7. Furnishings Allowance

a. Region Commanders may limit quantities as deemed necessary. Requests for items not on enclosure (4) must be approved by CNIC.

b. SCPs generally have significantly more responsibilities than non-SCPs for official entertainment activities in representing the interests of the United States. Incumbents of SCPs are often housed in larger homes which may require more than the usual amount of furniture. Therefore, incumbents of SCPs are authorized furnishings in one guest bedroom as well as in all public entertainment areas. Window treatments are authorized throughout the quarters. SCPs are authorized commercial-grade appliances.

c. Small kitchen appliances, kitchen utensils, and cookware are authorized for SCP quarters for the purpose of food preparation for official functions. This list is not all-inclusive and other items may be purchased as needed.

d. Non-SCP quarters are only authorized residential quality/size appliances. Residential stoves fit standard openings of 30-32 inches wide. Residential refrigerators are limited to 27 cubic feet. If a residence already has commercial grade appliances, they may be replaced in kind. Non-SCPs may have a total of three residential refrigerators or freezers in any combination; that is, two refrigerators plus one freezer, or one refrigerator plus two freezers.

e. Gas for portable grills in SCP quarters is considered a consumable, and will be the responsibility of the resident.

8. Waivers. Exceptions or waivers to policy contained herein, unless as otherwise stated, shall be forwarded with impact statements to CNIC for approval. These waivers include requests

13 Dec 2011

for additional furnishings and permission to remain in quarters
past termination dates.

13 Dec 2011

APPENDIX A - SAMPLE
PRIVATIZED GFOQS
REQUEST/JUSTIFICATION FOR EXCEEDING THE BUDGET CAP

DD MMM YYYY

From: Any PPV, LLC
To: Commander, Navy Installations Command
Via: Region DoN Representative
Region Commander, Any Region

Subject: REQUEST/JUSTIFICATION TO EXCEED BUDGET CAP FOR
QRTS ZZ

1. Region: Any Region
2. Name of Quarters: Qrtrs ZZ
3. Gross Square Feet: 3,300
4. Budget Cap (either \$35K or \$50K): \$35K
5. Proposed budget amount: \$55.6K
\$48.9K (excluding utilities)
6. Original budget amount (if this is a mid-year or after-the-fact submission): N/A
7. Detailed explanation, including costs and scope of work, which will cause the cap to be exceeded. The budget cap for this quarters will be exceeded due to the following proposed work:
 - a. Wholehouse Interior Painting(\$11K). The interior painting can no longer be deferred. This is a non-recurring expense and will only be required every seven years, with necessary touch-up painting at subsequent changes of occupancy.
 - b. Sidewalk Repairs/cracks, broken concrete/level (\$2.9K). The existing disrepair of cracks and broken concrete in various places now pose a hazard to residents and visitors. This is a safety issue that needs to be corrected. This is also a non-recurring expense.

FURNISHINGS ALLOWANCES

The following is a list of furnishings options for Special Command Position (SCP) incumbents, General and Flag Officers, Flag selectees and O-6 Installation Commander Quarters (ICQs). Furnishings from the following table are authorized but are not required. These furnishings are intended to supplement personal furnishings, not replace them. Some Flag officers have greater entertainment responsibilities or are assigned to quarters that may require additional supplemental furnishings. When that is the case, SCP Flag officers may choose items listed under Special Command Position. All other Flag officers, Flag selectees and Installation Commanding Officers may choose furnishings, as appropriate and required, from the corresponding column.

Part A: Room and Outdoor Furnishings

ITEM	SPECIAL COMMAND POSITION	GENERAL/FLAG OFFICERS, FLAG SELECTEES, and COMMANDING OFFICERS of INSTALLATIONS
LIVING ROOM		
Sofa	As required	1
Love seat	As required	1
