Welcome to ECATTS®

Welcome to ICLD's Environmental Compliance Assessment, Training, and Tracking System (ECATTS). This system is designed to provide an understanding and awareness of the environmental requirements established by the United States Environmental Protection Agency (EPA), the United States Department of Defense (DoD), and the state or country in which your facility is located. Maintaining environmental compliance is everyone's responsibility. While working on Navy bases, you are required to know and understand how EPA, DoD and your state's or host country's environmental compliance laws impact your work activities. Environmental compliance means doing your job in such a manner so that you prevent harm to the environment, yourself, and your coworkers. This system will help you develop the skills you need to maintain an environmentally friendly work environment and to complete your work tasks in accordance with the various installations' environmental policy. To reach the help desk call 866-730-4253 or email support@ecatts.com.

3. If you have a .mil account, you can have the registration password emailed directly to you by using ECATTS automated password retrieval. If you do not have a .mil email address, contact rhonda.a.ford@navy.mil for the password. This password will work for ALL accounts (contractors included). After obtaining the registration password, enter it into the REGISTRATION PASSWORD field and Click "Create an Account"

The image is a screenshot of the ECATTS registration page. It features a 'REGISTER - New Users' section with instructions for first-time users. A 'Registration Password' field is shown with a masked password '●●●●●●' and a 'Create an Account' button next to it. A note states that users with .mil email addresses should click a link to receive their password. The page also includes a disclaimer at the bottom: 'THIS SITE IS RESERVED FOR AUTHORIZED USERS ONLY. UNAUTHORIZED ACCESS IS STRICTLY PROHIBITED. VIOLATORS ARE SUBJECT TO ARREST AND PROSECUTION UNDER FEDERAL LAW.' There are red circles and arrows highlighting the 'Enter' link from the previous page, the 'Create an Account' button, and the note about .mil accounts.

If you have a .mil account, click here

All other accounts, enter information here

4. Complete the Registration Form. Make sure to specify your training and the work location. Click Register. As you select an item from the drop-downs, new drop-downs will open. Depending upon your connectivity, you may have to wait a few seconds for additional drop-downs to open properly.

(If you're a contractor and your work covers several installations, please see below).

* If you're a contractor that may work a several installations, here's how to add other installations

1. After you've registered, you should be able to get access in the ECATTS immediately using the user name and password created.
2. Once in, you should see the training home page. The homepage should be the first installation you registered with. Click on "Training Plan"

3. Click on “Add Additional Training Location”

The screenshot shows a list of training topics with estimated durations and links to go to the training. Below the list are three buttons: 'Back', 'Update Training Plan', and 'Add Additional Training Location'. The 'Add Additional Training Location' button is circled in red, and a red arrow points to it from below.
