

Naval District Washington Regional Community Service Program Volunteer Opportunities

Navy Community Service Program (NCSP) encourages and promotes volunteerism of military personnel in their local communities. Volunteers are always needed to assist with projects related to education, citizenship, health, safety, fitness, environmental stewardship, drug abuse prevention, and humanitarian assistance. If you are interested in participating as a volunteer in the NCSP, contact your Command Volunteer Coordinator (CVC) or Naval District Washington Regional Community Service Program (NDWRCSP). The schedule of planned volunteer activities for 2013 is provided below. .

Adopt a Project Program - If a command or organization would like to adopt any of the listed community projects, the Command Volunteer Coordinator or Point of Contact personnel should contact NDWRCSP at the number below to state their intent. If an organization or command adopts 4 or more NCSP community projects within a calendar year that command or organization becomes eligible for the World of Thanks Award. All questions can be addressed to NDWRCSP at 202-433-6854.

Note: This schedule is subject to change without notice.
