NAVAL STATION (NAVSTA) NEWPORT INSTRUCTION 5090.5D

From: Commanding Officer

Subj: HAZARDOUS WASTE MANAGEMENT

Ref: (a) NAVSTA Newport Hazardous Waste Management Plan
(b) OPNAVINST 5090.1C

1. Purpose. To implement local procedures for recordkeeping, analysis, storage and disposal of hazardous waste as described in reference (a) at NAVSTA.

2. Cancellation. NAVSTA NEWPORT/LOCAL AREA RI COORDINST 5090.5C.

3. Information. Reference (b) requires Naval Installations to comply with U.S. Environmental Protection Agency (EPA) regulations as well as state environmental laws while handling, storing and disposing of hazardous waste.

4. Action. Major responsibilities for hazardous waste operations within the Newport Naval complex are outlined below:

a. NAVSTA Commanding Officer (CO):

(1) Ensure compliance with the Resource Conservation and Recovery Act and all applicable Federal and state regulations.

b. NAVSTA Environmental Office shall:

(1) Develop and maintain the NAVSTA Hazardous Waste Management Plan, reference (a), and ensure distribution to applicable activities.

(2) Provide technical advice to the CO, and generating commands regarding safe management of hazardous wastes.

(3) Prepare hazardous waste reports and compliance documentation as required by EPA, state regulatory agencies and Navy instructions.

(3) Prepare hazardous waste reports and compliance documentation as required by EPA, state regulatory agencies and Navy instructions.

(4) Procure necessary equipment for proper handling and storage of hazardous waste.

(5) Conduct inspections of hazardous waste operations and document requirements for corrective measures. Inspect tanks, drums and equipment for proper operation and structural integrity.

(6) Liaison with EPA, state regulatory agencies, the Regional Environmental Coordinator, Naval Facilities Engineering Command, Commander Fleet Forces Command and Norfolk, Newport Detachment in regard to hazardous waste inspections, rule interpretation and problem resolution.

(7) Coordinate removal of hazardous waste from storage areas at generating locations to the central storage facility.

(8) Coordinate with the NAVSTA Fire Chief in development of procedures and equipment for fire and spill protection at all hazardous waste storage sites per reference (c).

(9) Perform long-range planning for hazardous waste reduction, recycling and reclamation strategies.

(10) Coordinate the training of all hazardous waste management personnel.

(11) Maintain records and inventories of all hazardous waste generated on NAVSTA from generation to disposal.

(12) Coordinate with the Defense Reutilization and Marketing Office to arrange for transfer and disposal of hazardous waste.

(13) Ensure all hazardous waste is properly loaded and secured in transporter's vehicle. Ensure that transporter vehicles are properly marked and have the proper identification for transportation of hazardous waste.

(14) Conduct audits and inspections of hazardous waste contractors, transporters and Treatment, Storage Disposal Facilities (TSDF).

(15) Serve as the sole authorized agent to sign hazardous waste manifests.

c. Departments and Tenant Command Hazardous Waste Generators shall:

(1) Designate one primary person and one alternate to be hazardous waste coordinators for the collecting, containerizing, labeling and marking containers of hazardous waste, record keeping and maintaining any hazardous waste storage areas.

(2) Notify the Hazardous Waste Program Manager of changes to designated hazardous waste coordinators.

(3) Coordinate with the NAVSTA Environmental Office for the collection of accumulated wastes.

(4) Provide required funds to the Regional Comptroller for hazardous waste disposal costs at the beginning of each fiscal year (tenant commands only).

d. NAVSTA Occupation Safety Health Manager shall:

(1) Assist the Hazardous Waste Program Manager in establishing hazardous waste facility/procedure inspection and training programs.

(2) Notify the Hazardous Waste Program Manager of health/safety deficiencies identified in safety inspections (e.g., corroding containers, incompatible storage, etc.)

e. Public Works shall:

(1) provide a central accumulation area in building 15 for all asbestos waste generated by government personnel performing work on NAVSTA.

(2) Ensure contracts contain provisions for the proper management and disposal of Hazardous Waste.

f. NAVSTA Fire Department shall:

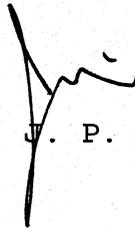

(1) Provide a primary emergency coordinator available on a 24-hour basis.

(2) Provide hazardous materials emergency response services.

g. Naval Health Clinic New England (NHCNE) Newport shall:

(1) Be the central collection point for medical waste.

(2) Coordinate the disposal of all medical waste generated at Newport Naval complex, including storage, packaging, labeling and record keeping.

J. P. VOBORIL
