White moves into HT-18's command chair

By Lt. j.g. Tim Mosso, NAS Whiting Field Public Affairs

Following 13 months at the helm, Cmdr. Jeffrey DeBrine passed command of Helicopter Training Squadron EIGHTEEN to Lt. Col. Robert White Thursday, July 26, at 10 a.m. in the Naval Air Station Whiting Field auditorium.

Before an assembly of friends, family, and colleagues, DeBrine handed White the HT-18 "Vigilant Eagles" command pennant symbolizing the passing of the squadron's reins.

The change of command ceremony is a time-honored tradition that enables the crew to welcome the new commanding officer to the unit and to praise the efforts of the outgoing skipper. HT-18's ceremony marked the latest transition in the joint-forces squadron's rotation between Navy and Marine Corps leadership.

Training Air Wing FIVE Commodore Col. James Grace served as the guest speaker for the event. He lauded the outgoing commander for leveraging a renowned sense of humor and jovial manner while in command. Grace opined that DeBrine's judicious application of levity and gravity was a catalyst for advancing general excellence at HT-18.

"You are a character... you are very funny, a real life-of-the-party kind of guy. Command can feel like the weight of the world is on your shoulders... humor puts people at ease, lessens

Cmdr. Jeffrey DeBrine renders the first salute to new Helicopter Training Squadron EIGHTEEN Commanding Officer Lt. Col. Robert White. DeBrine passed command of the squadron to White Thursday, July 26. U.S. Navy photo by Lt. j.g. Tim Mosso.

A Hero's Welcome

Marine Cpl. Daniel Palmer returns to his hometown of Milton and his new home in Naval Air Station Whiting Field's housing complex, Whiting Pines. He arrived at Pensacola Regional Airport Friday, July 27, greeted by family and friends and given a hero's welcome home. Palmer is a graduate of Central High School, and enlisted in the Marine Corps in 2008. He deployed to Afghanistan in January of 2010 attached to the 3rd Battalion, 6th Marine Regiment, Lima Company. He was injured by an improvised explosive device the following March. Palmer spent more than a year recovering from his wounds at Camp Lejune, N.C. Volunteers from the Santa Rosa Veteran Memorial Foundation will pay his rent for the next three months as supporters look for long term housing for Palmer, his wife Erin and their two children. U.S. Navy photo by Ensign Charles Mann.

Region dispatch center receives achievement award

By Mass Communication Specialist 1st Class Greg Johnson, Region Southeast Public Affairs

JACKSONVILLE, Fla. – The Navy Region Southeast (NRSE) Regional Dispatch Center (RDC) received a Special Achievement in Geographic Information Systems (GIS) Award at the Economic and Social Research Institute International User Conference in San Diego July 25.

The awards are given annually to organizations that demonstrate vision, leadership, hardwork and innovative use of GIS technology, ESRI President Jack Dangermond said.

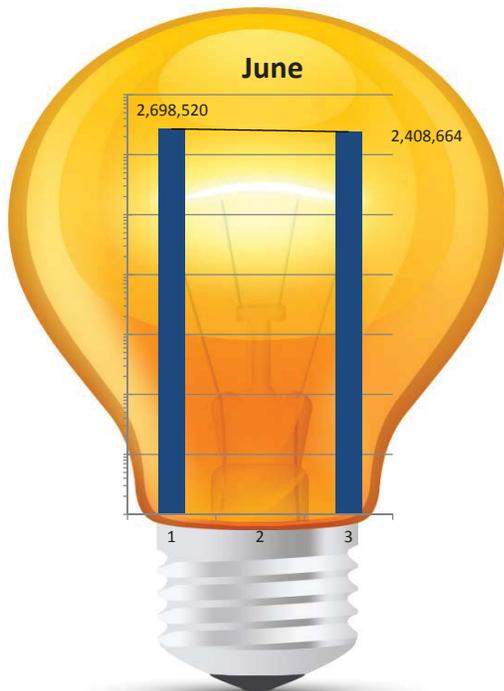

“Each year, the awards highlight extraordinary achievements and efforts to improve our world. At ESRI, we are always deeply impressed with the innovation of our users. This recognition is well deserved for how they’ve applied geospatial technology to address the needs of their industries and communities,” he said.

In 2008, the RDC became one of the first dispatch centers in the Navy to use ESRI ArcGIS technology to facilitate effective and efficient dispatching of emergency first responders. With ArcGIS, emergency calls are received at the RDC, where a location-based GIS system pinpoints the location of the emergency, integrates it with the locations of

Power Outage

Conserving energy continues to be one of the Navy’s prime objectives, so each month we will display the energy usage comparisons for Naval Air Station Whiting Field between 2011 and 2012. As you can see, in June, the base consumed 289,956 fewer kilowatt hours of power than in 2011.

This Week in Naval History

Aug. 1

1801 - U.S. schooner Enterprise captures Tripolitan ship Tripoli.
1950 - Control of Guam transferred to Department of Interior.
1958 - USS Nautilus (SSN 571) submerges under Arctic ice cap near Point Barrow.

Aug. 2

1943 - PT-109, under command of Lt. j.g. John F. Kennedy, cut in half by Japanese cruiser Amagiri.
1950 - Amphibious force ships land Marine First Provisional Brigade at Pusan, Korea, helping to save this last area of South Korea from capture.

Aug. 3

1804 - American Squadron, including USS Constitution, attacks Tripoli.
1861 - Construction of USS Monitor authorized.
1861 - First manned ascent in a balloon from a ship, gunboat USS Fanny, to observe Confederate artillery position at Hampton Roads, Va.
1942 - Mildred McAfee (Horton) becomes the first woman officer commissioned into the Naval Reserve.
1958 - USS Nautilus (SSN 571) is first ship to reach the geographic North Pole while submerged.
1970 - USS James Madison (SSBN 627) conducts first submerged launching of Poseidon nuclear missile off Cape Kennedy.

News and Notes

Back-to-School Brigade - Operation Military Homefront's 2012 Back-To-School Brigade program provides backpacks full of school supplies to local military kids in need. Items donated for the campaign include spiral notebooks, pens, pencils, markers, crayons, notebook paper, rulers, colored pencils, calculators, and erasers. This program saves military families a major education expense, especially for those experiencing financial hardships. To register your child, Please go to: <http://www.backtoschoolbrigade.net/>. The date for the pickup is incorrect on the website and it has been changed to Friday, August 10 from 1500-1700 at the Cory CDC. For more information, Please contact Chris Hendrix, the NASWF School Liaison Officer, at 850-665-6105.

ITT Special - DeLuna Fest 2012 tickets are now available at ITT. The three-day beach concert features Pearl Jam, Foo Fighters, and the Zac Brown Band, Sept. 21-23. Tickets are \$177 for a three day pass. ITT also has discounted hotel stays at the Days Inn on Pensacola Beach for \$121 per night. There are only a limited number of passes and hotel rooms available. Please call 850-623-7032 or 850-665-6250 for additional information. For a complete concert lineup, check www.delunafest.com.

Extended Hours - Dine 1-1 North Field Snack Bar is now open 6 a.m. to 5 p.m., Monday thru Friday. For your convenience, new services provided include: delivery on base (\$1.00 delivery charge will be applied to each order) and call-ahead orders for pickup. Please call or text (850) 281-5923 to place your order! Bring a friend from 2 p.m. until closing and receive 10% off your bill (friend must place an order to receive the discount).

Candlelight Tours - Historic Fort Pickens along the National Seashore will be hosting Candlelight tours Friday Aug. 3 and Aug. 10. Discover the wonders of the old fort at night. Flashlight, shoes and insect repellent are recommended. Call 850-934-2608 for additional details.

Armed Forces Guides - The Armed Forces Benefits Association, 2012 Financial Planning Guides are finally in! These financial planning guides are filled with information on but not limited to: Military Pay & Allowances, Tri-care Benefits, Military Retirement, The Survivor Benefit Plan, Veteran's Benefits, Civil Service Pay & Retirements, Principles of Financial Planning, Wills & Trust, Saving & Investing, Social Security & Medicare, and much, much more. Swing by the Fleet & Family Support Center to pick up your free copy and a copy for your staff, co-workers, etc.

Yard Sale - The Milton VFW Ladies Auxiliary will be having its annual yard sale Aug. 2-4 at the post on Carroll Road from 2 to 6 p.m. Thursday and 8 a.m. to 6 p.m. Friday and Saturday. The organization is still accepting donations. They can be dropped off at VFW Post 4833, 5918 Carroll Road, Milton. Please call Lena Adams at 850-623-4833 with any questions.

New Bridge Construction - Chipley-Scott Bridge Company of Opelika, Ala. has been awarded a \$14.7 million bridge construction contract to replace bridges over the White River and Bass Hole Cove on U.S. 90 between Pace and the Escambia River Bridge in Santa Rosa. In addition, crews will resurface the westbound lanes, make minor drainage improvements, construct guardrail and place new signs and pavement markings. Temporary bridges will be constructed and utilized during the project. To minimize congestion and decrease traffic delays there will be no lane restrictions allowed between 6 a.m. and 8 p.m. Crews have begun preliminary

Getting the Goods

Ensign John Patterson of the Naval Air Station Whiting Field Chaplain's Office delivers a payload of food donations to the Panhandle Branch of the Bay Area Food Bank on Wednesday, July 25. Patterson delivered 352 pounds of food to the center, which distributes contributions to pantries and soup kitchens in seven counties throughout the Florida panhandle. This round of donations brings the current total up to 1,074 pounds which is about one-third of the base's goal. The delivery was the third of six scheduled deliveries in connection with the air station's participation in the national Feds Feed Families campaign against hunger which runs through the end of August. According to food bank External Relations Manager Tammy Ward, the military contribution during the Feds Feed Families program arrives at a critical time during the Food Bank's collection cycle. "This is the second or third year that Whiting has been involved. The summer is a wonderful time [for federal institutions] to do this, because people think of charity and goodwill during the fall and holidays, but the summer timing of the Feds Feed Families is ideal to cover the lean months." U.S. Navy photo by Lt. j.g. Tim Mosso.

survey work with anticipation of construction activities beginning August 2012 and completion scheduled for summer 2016. Drivers are reminded to pay attention to the speed limit when traveling through the construction area, and to use caution, especially at night when driving in work zones. For more Florida Department of Transportation District Three information follow us on twitter @myfdot_nwfl <http://www.twitter.com/myfdot_nwfl

Vet Clinic - The veterinarian will be in residence to hold clinic hours at Bldg. 1496 on the NAS Whiting Field Sports Complex, Tuesday, Aug. 14 from 8 to 11:30 a.m. and from 1 to 3:30 p.m. Call 850-452-6882 for appts.

Navy vs Troy Football - If there is enough interest locally, Troy University would like to sponsor 2,000 active duty military and their family members for the Troy Trojans vs Navy Football Game on Saturday, Nov. 10, 2012, at Veterans Memorial Plaza in Troy, Ala. Included: bus transportation to/from the game, ticket(s) to the game, lunch and a free t-shirt. All active duty military are eligible - please contact David Durham at (850) 458-4722 or by email: dbdurham@troy.edu if you are interested.

Movie Night - The Liberty Center will be hosting their second Movie Night event at Sikes Hall Friday, Aug. 10 featuring "The Avengers." The evening is free and the movie will start at 7:30 p.m.

Upcoming Events

August 3, 0900 - Navy Ball Golf Tournament - Golf Course

August 10, 1300 - Winging Ceremony - Base Auditorium

August 16, 0900-1500 - FFSC Jobs Fair - Sikes Hall

August 24, 1300 - Winging Ceremony - Base Auditorium

August 31, 1330 - NASWF Safety Standown - TBD

Sept. 14, 1300 - Winging Ceremony - Base Auditorium

Fleet and Family Support Center Classes

Common Sense Parenting (CSP 6-18 year olds), Wednesday, Aug. 1 from 1 to 3 p.m.

Unfortunately, kids do not come with instructions! Understanding Your Child or Teen's Development. Dealing with Misbehavior. Teaching Social Skills and Using Praise. Your Parenting Plan. This class is for any parent who wants to "brush up" on their parenting skills or for new parents that are not sure of where to begin!

Dating Series #1 - Monday, Aug. 6 from 1 to 3 p.m.

This class will help you engage in a more secure and enjoyable dating process. Topics include: warning signs of a difficult partner, skills essential for a healthy relationship, five key areas you need to explore during the dating process, and how to "follow your heart without losing your mind." For more information, contact a Work and Family Life Specialist at 850-623-7177.

VA Representative - Friday, Aug. 10 & 24 from 8 a.m. to 12 p.m. (By reservation only. Call 850-623-7177)

Dating Series #2 - Monday, Aug. 13 from 1 to 3 p.m.

This class will help you engage in a more secure and enjoyable dating process. Topics include: warning signs of a difficult partner, skills essential for a healthy relationship, five key areas you need to explore during the dating process, and how to "follow your heart without losing your mind." For more information, contact a Work and Family Life Specialist at 850-623-7177.

Married to the Military - Tuesday, Aug. 14 from 1 to 3 p.m.

This class will introduce you to the traditions, culture and lifestyle of the military. We will cover things such as where to go to get information, do's and don'ts, PCS orders, reading an LES, military time and much more. If you are new to the military or just want to find out what having a military ID means sign up for this class at 623-7177.

FFSC Job Fair - Thursday, Aug. 16 from 9 a.m. to 3 p.m.

This is one of the largest and best attended job fairs in the Florida panhandle each year. Spaces are set aside for immediate interviews and job offers are sometimes issued during the event. Attendees are recommended to bring their resumes and to dress for success. The event is open to the public. Contact Darryl Johnson at 850-623-7177 for more information.

BBB® tips to make the most of the sales tax holiday

Pensacola, Fla. (July 27, 2012) – Your Better Business Bureau of Northwest Florida is offering some suggestions for consumers during the upcoming sales tax holiday August 3-5 2012.

- Plan ahead. Set a realistic budget and stick to it. Make a list of the items you need to purchase to avoid buying on impulse.
 - Compare prices and shop carefully. Tax holiday "sales" and promotions may not always be the bargains they appear to be.
 - Talk to the retailer. Before making a purchase, ask the merchant how refunds and exchanges are handled after the sales tax holiday has ended.
 - Be aware of your surroundings at all times when shopping. Never leave your wallet, credit card or purse on a counter. Do not get overloaded with packages. Shop with a companion or ask for a security escort to your car. Don't leave bags or packages within plain sight in your vehicle and always lock your doors.
- Shop at retailers you know to be reliable.

Always check with your BBB for a Business Review on the business. In June 2012 alone, your BBB|Northwest Florida provided over 31,000 Business Reviews for consumers checking out a business' marketplace record, including length of time in business, number of complaints and how they were resolved, licensing, bonding, insurance or registration that may be required for the business' industry, and whether any government action had been filed against the business. BBB|Northwest Florida also provided over 17,000 lists of BBB Accredited Businesses in specific industries last month. BBB Accredited Businesses meet and contractually agree to abide by BBB's Standards for Trust.

HT-18

- (Cont. from Page 1)

tensions, and makes people more approachable.

“Knowing when to be humorous and when to be serious is a real challenge... that is leadership at its best,” Grace remarked.

During DeBrine’s tour, the “Vigilant Eagles” flew over 53,000 mishap-free flight hours, encompassing over 29,000 training syllabus events, placed wings of gold upon 503 Navy, Marine Corps, Coast Guard, and allied Naval aviators, and extended the squadron’s Navy record of Class-A-mishap-free flight hours to 1,193,946.

HT-18 personnel embraced and internalized DeBrine’s upbeat, can-do persona, as evidenced by the diverse and numerous accolades the unit earned under his leadership. Under DeBrine, the squadron was honored with the 2010 Secretary of the Navy Safety Excellence and Chief of Naval Operations Safety Awards, the 2010 John H. Towers Flight Safety Award, and the 2010 Grampaw Pettibone Award.

Additionally, the esprit de corps bred by DeBrine’s positive and engaging style extended to extra-curricular activities and community engagement. A rugged team of athlete-naturalists from HT-18 conquered the 2011 Wilderness Challenge in the name of the “Vigilant Eagles.”

Earlier this year, DeBrine and the squadron celebrated four decades of “Vigilant Eagles service” with an enthusiastic collection of former students and staff. Grace commended DeBrine’s dynamic leadership style, which the commodore cited for building upon the squadron’s 40-year legacy of success.

“You inherited a good squadron... you put your imprint on them, and you made them even better,” Grace remarked.

DeBrine was awarded the Meritorious Service Medal for his numerous achievements during his tour at the squadron, and the citation placed particular emphasis on the “exceptionally positive command climate.”

In signature fashion, DeBrine accepted his parting accolades with self-effacing humor.

“Students [of HT-18], if you’re anything like HT-18 student Ensign DeBrine was back in 1994... waiting for the change of command to finally be over, you are dying for this thing to end!”

DeBrine expressed gratitude to the flight instructors, civilian staff members, and enlisted air crew whose contributions were essential to the success of his tour. However, he reserved his deepest gratitude for his on-looking parents, his wife Ami, and his children.

“It has always been comforting to know I have family to lean on during good and bad times,” DeBrine reflected. DeBrine accorded his successor a resounding endorsement.

“Lt. Col. White, I couldn’t have asked for a more dedicated and capable officer... you have truly raised the bar. You are so ready to be the CO; congrats, and enjoy the ride,” DeBrine concluded.

Training Air Wing FIVE Commodore Col. James Grace presents the Meritorious Service Medal to Cmdr. Jeffrey DeBrine at the conclusion of his tour as commanding officer of Helicopter Training Squadron EIGHTEEN. U.S. Navy photo by Lt. j.g. Tim Mosso.

Immediately after issuing his unqualified approval and gratitude to White, DeBrine formally relinquished command. His next duty station will be Stuttgart, Germany, where DeBrine will join the United States Africa Command.

White was introduced as the Commanding Officer, Helicopter Training Squadron EIGHTEEN. For the new squadron commander, it was both an honor and a thrill.

“You have no idea how long I’ve been waiting to hear that,” White enthused.

In accord with the day’s consonance between humor and humility, he followed with a self-deprecating jest.

“My goal today is to show up, stand up, shut up, and sit down!”

The new squadron commander acknowledged the caliber of the standard set by his predecessor. White credited DeBrine with leaving HT-18 in a state of professional strength and high morale. He implored unit personnel to join him in extending DeBrine’s legacy at HT-18.

“I am completely dedicated to providing quality leadership to accomplish our mission... I have the utmost confidence in you. When I walk down our passageway, I know that tomorrow we will not discover that we should have demanded more of ourselves today. It’s an honor to serve you,” White declared.

The squadron’s new executive officer will be Cmdr. Kevin Pickard who joins HT-18 following a tour as Military Affairs Officer for the Department of Counter-Proliferation Initiatives in Washington, D.C.

Congrats to TRAWING-5 Wingers and Scholars

First Row: Cmdr. Christopher L. Pesile, USN; Lt. j.g. Daniel A. Emma, USN; 1st Lt. Patrick Healy, USMC; 1st Lt. Christop Herlihy, USMC; Ensign Matthew Blair, USN; Ensign Jacob D. Kyzer, USN; Ensign Katherin Wallace, USN; and 1st Lt. Scott M. Feran, USMC.

RDC

- (Cont. from Page 2)

first responders and filters out the closest units to ensure the timeliest response.

During the past six months, the RDC team has collaborated with the Duval County and City of Jacksonville 911 teams to establish valid building addresses for Naval Air Station (NAS) Jacksonville and Naval Station (NS) Mayport. These efforts will facilitate the use of the system at installations throughout the Southeast Region and were a major factor leading to the award, RDC Supervisor Tom Fasanello said.

“The NRSE NERMS (Navy Emergency Response Management System) project exemplifies geospatial collaboration and information sharing,” he said. “The award is really a result of the tremendous collaboration that has existed between NRSE, the NAVFAC (Naval Facilities Engineering Command) GeoReadiness Center and the installation Public Works Department and fire and security programs.”

According to Jonathan King, a 911 emergency dispatcher at the RDC, GIS technology has become crucial to a timely emergency response.

“With GIS services, the dispatchers are provided a service that can cut down first response times by seconds and possibly minutes,” he said. “It is critical for first responders

to be provided with an accurate location, and GIS gives dispatchers and first responders an advantage by giving a visual of 911 callers’ locations within seconds of geographical verification.

The NRSE team plans to implement the system on board 13 installations by mid 2013, maximizing dispatch efficiency and minimizing response time throughout the region, Fasanello said.

“The ultimate goal is to exploit technology and procedures for the protection of our installation personnel and their families, facilities and fleet assets,” he said. “In the end, it’s hoped that the street addressing and GIS work being pioneered in the Southeast Region will become the enterprise standard for installations Navywide.”

The RDC currently dispatches for five installations, including NAS Jacksonville, NS Mayport, Naval Support Activity Panama City, Naval Construction Battalion Center Gulfport and NAS Meridian. Residents at these locations will continue to dial 911 for emergency services after the 2013 implementation. For those installations yet to consolidate, instructions for emergency notification procedures will be distributed prior to any changes.

SECURITY CHECKPOINT

Things Your Burglar Won't Tell You - Part 2

11. Helpful hint: I almost never go into kids' rooms.
12. You're right: I won't have enough time to break into that safe where you keep your valuables. But if it's not bolted down, I'll take it with me.
13. A loud TV or radio can be a better deterrent than the best alarm system. If you're reluctant to leave your TV on while you're out of town, you can buy a \$35 device that works on a timer and simulates the flickering glow of a real television. (Find it at fakety.com.)
14. Sometimes, I carry a clipboard. Sometimes, I dress like a lawn guy and carry a rake. I do my best to never ever look like a crook.
15. The two things I hate most: loud dogs and nosy neighbors.
16. I'll break a window to get in, even if it makes a little noise. If your neighbor hears one loud sound, he'll stop what he's doing and wait to

hear it again. If he doesn't hear it again, he'll just go back to what he was doing. It's human nature.

17. I'm not complaining, but why would you pay all that money for a fancy alarm system and leave your house without setting it?

18. I love looking in your windows. I'm looking for signs that you're home, and for flat screen TVs or gaming systems I'd like. I'll drive or walk through your neighborhood at night, before you close the blinds, just to pick my targets.

19. Avoid announcing your vacation on your Facebook page. It's easier than you think to look up your address.

20. To you, leaving that window open just a crack during the day is a way to let in a little fresh air. To me, it's an invitation.

21. If you don't answer when I knock, I try the door. Occasionally, I hit the jackpot and walk right in.

As cited from "Burglars on the Job," Richard T. Wright, Northeastern, C. 1996.

TRICARE Notes

AN ITCH AND A SCRATCH: PSORIASIS BASICS

August is Psoriasis Awareness Month, and TRICARE wants to make sure you know about the symptoms and treatment of this disease.

Psoriasis is a relatively common skin disease driven by the immune system that causes skin irritation and redness.

Mild psoriasis is normally successfully treated with medications that can be applied at home, such as creams, moisturizers and ointments. In severe or complicated cases, hospital stays or medicines to suppress the immune system may be required.

TRICARE beneficiaries dealing with psoriasis need to be aware of conditions that may trigger an attack and should try to avoid them.

To learn more about psoriasis, visit the NIH web site at www.niams.nih.gov/Health_Info/Psoriasis.

Modeling a Piece of History

Ray Murtha sets a 20 year-old model of a T-28 Trojan model aircraft in the Naval Air Station Whiting Field midfield hangar. He donated the model to the base when his friend who built it passed away. The model will be hung in Ace's Pub on base Friday, Aug. 24 at 2 p.m. U.S. Navy photo by Ensign Charles Mann.
