MILTON, FLORIDA 32570-6155

IN REPLY REFER TO

NAVAL AIR STATION WHITING FIELD ENVIRONMENTAL POLICY STATEMENT

Naval Air Station Whiting Field recognizes environmental excellence as a principal factor in successful mission accomplishment. NASWF established a goal of protecting, preserving and conserving the environment through active stewardship and advocacy for our unique natural resources. To accomplish this goal, NASWF collectively commits to prevention of pollution and compliance with environmental laws and regulations through a process of continual improvement. The following principles will guide NASWF's efforts:

- Evaluate practices and develop objectives, targets and procedures to meet established goals and mitigate environmental impacts.
- Conduct annual management reviews to assess the achievement of objectives and targets, and to determine the effectiveness of the Station's Environmental Management System as a process for continual improvement.
- Communicate NASWF's Environmental Policy to Station personnel and educate them in their roles and responsibilities as stewards of the environment.
- Increase community awareness of NASWF's environmental program through use of the NASWF website as well as participation in environmental outreach activities such as Earth Day.

A handwritten signature in black ink, appearing to read "Peter Hall", is positioned above the printed name.

PETER HALL
Captain, U. S. Navy
Commanding Officer
