Subj: NAVAL AIR STATION LEMOORE ENVIRONMENTAL POLICY

1. Purpose. To provide the highest level of mission support and quality of life services for all activities at NAS Lemoore. Our goal is to actively promote mission readiness through environmental stewardship. Throughout the span of our activities, we consider environmental stewardship an integral part of productivity and providing quality services. In recognition of this responsibility to our sailors, customers, civilian personnel, neighbors, and others we commit to:

- a. Be environmentally responsible neighbors where we operate to ensure public health and safety and protection of the environment.
- b. Preserve significant aspects of the natural and cultural environment.
- c. Develop and continually improve operation and technologies that minimize solid and hazardous waste, prevent air and water pollution, and minimize health and safety risks.
- d. Comply with applicable environmental federal, state, and local regulations, Department of Defense and Navy policies and other available requirements.
- e. Ensure the responsible use of energy and water, including conservation and improved efficiency.
- f. Share appropriate pollution prevention and technologies, knowledge and methods.
- g. Participate in efforts to improve environmental protection and understanding in our communities.
- h. Ensure this policy is communicated to all military, civilian personnel, contractors and to the public to encourage continual improvement within the region.
