

Just a reminder, this week the base is participating in two exercises, Citadel Shield which is being conducted yesterday and today. You might have noticed the protesters at the Del Monte gate yesterday who occupied the Chapel. And today, those same protesters returned with an IED (Improvised Explosive Device) which detonated in their midst and resulted in 5 deaths and 15 casualties. The base stood up its Emergency Operations Center both days to deal with the incidents.

For the rest of the week, we will be participating in the second exercise, Solid Curtain, which will culminate in the base being placed in Force Protection Condition Charlie, essentially locking down the base. Tenant commands have developed Mission Essential Personnel lists of their personnel who will be working on the base during that time period. If you don't know if you are on the list, talk to your supervisor.
