Encl: (1) NBVC Administration Organization Chart

1. Purpose. To publish the administrative chain of command (ADCON) at NBVC.

2. Cancellation. NBVCNOTE 3120 of 24 Apr 09

3. Background. This organizational chart depicts the ADCON at NBVC. a. This organizational chart also depicts the operational chain of command (OPCON) at NBVC, with the following exceptions: Aviation Safety Officer, Equal Opportunity Advisor, Explosive Safety Officer, and Safety Officer are OPCON directly to the Commanding Officer (CO).

b. As always, all Installation Program Directors (IPDs) have direct access to their respective Navy Region Southwest points of contact. They also maintain direct access to the CO/Chief Staff Officer, as appropriate.

c. Cross Functional Teams (CFTs) can be established, as required, to work on command issues. These will normally be separate short-term working groups to develop or improve a specific product or process.
