

Joint Base Pearl Harbor-Hickam

Terminology – Joint Base Definitions

Definitions

- **BRAC** – Base Closure and Realignment, the process DOD uses for efficient and effective force support, to increase operational readiness and facilitate new ways of doing business.
- **Joint Base** – A location designated in BRAC 2005 as having installation management functions transferred from one or more installations to another for efficiency of delivery
- **JBPHH** – Joint Base Pearl Harbor–Hickam , the consolidation of installation management functions for Naval Base Pearl Harbor and Hickam AFB

Definitions

- **Supported Component** – Component transferring Installation Support (IS) management functions to another at the Joint Base (JBPHH = Air Force)
- **Supporting Component** – Component having IS functions transferred to them and now responsible for providing IS to the entire Joint Base (JBPHH = Navy)
- **IS** – Installation Support, any of the five categories of services and support activities utilized for life-cycle installation management: Facilities, Services, Family Housing, Environment and BRAC.

Definitions

- **MOA** – Memorandum of Agreement, the binding document for each joint base that describes the organizational structure, resources, output levels, dispute resolution and other agreements developed between the components
- **Annex** – An attachment to the MOA specifically describing responsibilities and agreements for each functional area (i.e., Emergency Services)
- **FWG** – Functional Working Group, a joint team of subject matter experts for a particular IS function responsible for developing their respective annex, implementation plan and standard operating procedures

Definitions

- **JBC** – Joint Base Commander, the billet established by the supporting component dedicated to the delivery of IS at the joint base (JBPHH = CO NAVSTA PH)
- **IOC** – Initial Operational Capability, the beginning of the period of transition to the joint base, marked by stand up of the joint base command (JBPHH = Jan 31, 2010)
- **FOC** – Full Operational Capability, the end of the joint base transition period at which the resources, property, personnel and authority for IS management functions have been transferred to the supporting component (JBPHH = Oct 1, 2010)

Definitions

- **COLS** – Common Output Level Standards, the output or performance level standards established by DoD for IS using a common framework of definitions, outputs, output performance metrics and cost drivers. These standards provide a description of the capability associated with each IS function
- **JMOS** – Joint Management Oversight Structure, the structure responsible for providing equitable conflict resolution and resource allocation between the components at the joint base

Definitions

- **Tenant** – Any unit or organization, both DoD and non DoD, at a joint base not specifically attached to the joint base command. (JBPHH = Air National Guard, HQ PACAF, 13th AF, etc.)
- **TOA** – Total Obligation Authority, the budget authority granted from Congress
- **JBIG** – Joint Base Implementation Guidance, detailed OSD guidance providing a common framework for implementation of joint basing
- **Variance** – Formal request to diverge from Joint Base Implementation Guidance
