

Naval Support Activity Mid-South's Environmental Management System (EMS)

What does everyone need to know?

1. Our environmental policy is communicated through the acronym "CARE", which summarizes the key concepts:

C - Comply with rules

A - Always improve

R - Reduce waste

E - Energy conservation

2. Know what environmental and work procedures apply to your job.
3. Follow your procedures or SOPs and know how to access them.
4. Know how your job/actions could affect or impact the Environment, (i.e., energy conservation, recycling/waste reduction, "green" procurement/purchasing, environmental stewardship/training).
5. Know what to do in the event of an environmental emergency. Call (901) 874-5533 NAVSUPACT Mid-South Security Dispatch.
