## **FEDERAL EMPLOYEES' HEALTH BENEFITS (FEHB) OPEN SEASON**

**November 14 through December 12, 2011**

During open season, any eligible employee who is not currently registered may enroll; and any eligible enrollee currently registered may change from one plan or option to another, from self only to self and family, or make any combination of these changes. It is important to review your coverage during this period and decide what coverage and premium best suits your needs for the upcoming year. This is the time of year when you can make changes to your benefits. After the Open Season, you may only make changes under a Qualifying Life Event (QLE), such as change of marital, dependent or job status. For more details regarding QLE, please visit: <http://www.opm.gov/insure/lifeevents/index.asp>

For additional information regarding your Federal Benefits, click on the link from the Civilian Benefits Information Center for more details:
